2002-2003 Lottery Tuition Assistance Program

The Lottery Tuition Assistance Program (LTAP) was established under the S.C. Education Lottery Act in 2001 and implemented for the first-time during the 2002-03 academic year. The program was created in order to provide financial assistance to students attending an eligible two-year public or independent institution.

A total of \$34 million from lottery proceeds was designated by the General Assembly and the Governor for use in this program. During the Fall 2002 term, full-time students received up to \$792 and part-time students received up to \$66 per credit hour. In Spring 2003 and Summer 2003, the award amount was increased based on the number of actual participation rates. Full-time students received up to \$1,044 and part-time students received up to \$87 per credit hour. The award amount is determined based upon the number of eligible recipients per term. In calculating the amount awarded in Lottery Tuition Assistance, Federal grants and Need-based Grants must be awarded first before determining the amount eligible in Lottery Tuition Assistance to be used for payment towards cost-of-tuition only.
