As of June 2002, USC Beaufort is transitioning from 2-year to 4-year status. As a result, Indicator 3D as defined for performance funding is not applicable this year. Programs approved in 2004. In past years, a transition indicator has applied. The transition indicator that applied to USC Beaufort related to compliance in progress toward achieving SACS accreditation for the change in status. USC Beaufort received approval notification from SACS in June 2004. The indicator is applied this year for USC B. For additional details related to USC Beaufort's measures, see Performance Funding Workbook, Section II-D,
