2002-03 Performance Year Ratings impacting Fiscal Year 2003-04. FINAL, Approved June 5, 2003
Report prepared by the Commission’s Division of Planning, Assessment and Performance Funding
1333 Main Street, Suite 200, Columbia, SC 29201, (803) 737-2260, www.che.sc.gov

At-A-Glance  (Fall 2002 data unless noted otherwise)

For links to mission and webpage, see www.che.sc.gov and select "Performance Funding"

Enrollment Headcount
2,260
includes full & part-time students

16% of headcount Undergraduate
83% of headcount from SC at entry
16% of headcount Minority

Full-Time Faculty
669
includes, as of Nov. 1, those with academic rank & specific assignment of instruction, research, public service, or librarian.

Tuition
$6,230 In-State, Full-Time Student
$17,227 Out-of-State, Full-Time Student

Academic Year
2002-03

Financial
Dollars In Millions
$329.8 Total Revenue, excluding auxiliary
$326.8 Total Educ & General Expenditures and Transfers, excluding auxiliary

FY 2000-01

Performance Score Summary

Each indicator or indicator subpart is scored using a 3-point scale. In some cases, institutions may qualify for an additional 0.5 for achieving a certain level of improvement over past performance. In 2002, systemic scoring procedure revisions led to fewer indicators contributing to the overall score. Of the 37 indicators used in past years, all are still measured - some assured through institutional policy, some measured through existing scored indicators, and some monitored but not scored. For more detailed explanation of these changes consult Performance Funding Workbook, November 2002 at www.che.sc.gov - select Performance Funding and then Performance Funding Workbook.

Total Scored Indicators (See the following pages for details by indicator) 14 Indicators

Exceeded Standards (or received scores of 3) on 11 Indicators
Achieved Standards (or received scores of 2.00-2.99) on 1 Indicators
Did Not Achieve Standards (or received scores of 1.00-1.99) on 0 Indicators
Achieved Compliance (or received scores of "Complied") on 1 Indicators

1 indicator is deferred from measurement in 2002-03 (See attached detail for explanation)

Interpreting Overall Score

Comparing the average score on applicable indicators to the maximum 3.00 possible produces the percentage score shown in the upper right hand corner. Institutions within the same sector whose percentage is in the same range as shown below are considered to be performing at similar levels.

Scale for Overall Scoring Category

Substantially Exceeds 95% to 100% or 2.85 to 3.00
Exceeds 87% to 94% or 2.60 to 2.84
Achieves 67% to 86% or 2.00 to 2.59
Does Not Achieve 48% to 66% or 1.45 to 1.99
Substantially Does Not Achieve 33% to 47% or 1.00 to 1.44
“Performance Funding” in SC began with Act 359 of 1996, effective July 1, 1996, requiring that the SC Commission on Higher Education (CHE) measure annually each public institution’s performance in various areas and base allocation of state appropriated dollars on performance. Each year, CHE in cooperation with institutions and other stakeholders has worked to refine the system implemented in 1996 in an effort to ensure and improve the quality of SC’s public colleges and universities so they will be globally competitive. Data and scores for indicators used to allocate FY 2003-04 dollars follow. Yearly revisions and differences across and within sectors make comparisons across performance years and institutions difficult. Two years ago, CHE improved the measurement system by strengthening the focus on indicators best reflective of each sector’s mission and reducing redundancy among indicators. Using CHE worked with institutions and others in identifying the 13 or 14 indicators now being used in determining the performance score as those most related to institutional and sector missions. As noted below, indicators not scored are either monitored on a cycle or are measured through existing scored indicators. For a better understanding, please see CHE’s website at www.che.sc.gov to access a detailed guide to the system and measurement (Performance Funding Workbook, November 2002) and additional data details by institution.

**DATA and SCORING KEY:** Below are details for each indicator measured in Performance Year 2002-03, including: the measurement timeframe for this year's performance, historical data, current year’s data, the standard used in judging performance, indicator subpart scores, and the single indicator score. Since July 2000, CHE has set standards for similar institutions based on national, regional or state data; data from peer institutions or past institutional performance. For most indicators, performance is judged using a 3-point scale and comparing it to a standard that is expressed as a range. A score of “2” is awarded if an institution is at or within the range. Performance outside the range in the desired direction merits a “3” or Exceeds, while performance outside the range in the undesired direction receives a “1.” Additionally, 0.5 points are awarded to scores of 1 or 2 for some indicators if performance meets or exceeds an identified level of improvement over past performance. Performance on other indicators is judged by determining institutional compliance with policies or practices. Compliance is expected, and a score of 1 indicates non-compliance. In limited cases, CHE may award scores based on analysis of an institutional appeal requesting special consideration.

To determine overall performance as summarized on page 1 and at the end of this report; scores displayed for each indicator in the far right or last column are averaged; the average places the institution in 1 of 5 performance categories; and funding is allocated based on the category, not the individual score or average.

| **Critical Success Factor 1, Scored Indicator Notes:** 1B is measured as the percent of degree programs appropriate to the degree-level authorized for the institutional by CHE and Act 359 of 1996; support the institution’s goals, purpose, and objectives as defined in its mission statement; and have received full approval in the most recent CHE review of that program. Institution achieved compliance on Approval of a Mission Statement. 1D&E is defined uniquely for each institution based on an institutional goal and annual targets to be achieved over 3 years.

#### Status of other indicators: Indicator 1A, Expenditure of Funds to Achieve Institutional Mission, is measured through Indicator 5A, Ratio of Administrative Costs to Academic Costs.

#### 2. QUALITY OF FACULTY

Critical Success Factor 2, Scored Indicator Notes: 2A for research and teaching institutions measures the percent of full-time faculty, excluding instructors, who have terminal degrees as defined by SACS in their primary teaching area. Nursing faculty are excluded for 5 years beginning with Fall 2001 data. Exceptions for terminal degrees as defined by SACS are included for faculty holding the first professional degrees including the JD for those teaching law or the MD, DMD, or PharmD for those teaching in colleges of medicine, dentistry or pharmacy. 2D measures of average faculty salary by rank, except instructor.

#### Status of other indicators: Indicators 2B, Performance Review System for Faculty to Include Student and Peer Evaluations, and 2C, Post-tenure Review System for Tenured Faculty, involve institutional policies that have been implemented: CHE is monitoring continued compliance on a 3-year cycle beginning in 2004. Indicator 2E, Availability of Faculty to Students Outside the Classroom, and Indicator 2F, Community and Public Service Activities of Faculty For Which No Extra Compensation is Paid, are measured through Indicator 2B.

**Critical Success Factor 3, Scored Indicator Notes:** 3D measures the number of programs in CHE’s Inventory of Academic Degree Programs accredited by a recognized accrediting agency as a percent of the total number of programs in the Inventory for which accreditation is available. For programs with teacher education programs, 3E, Institutional Emphasis on Teacher Education Reform, is measured through 3D. Accreditation of Programs, which includes NCATE accreditation and 7D, Scores of Graduates on Post-Undergraduate Professional, Graduate, or Employment-Related Examinations and Certification Tests, which includes teacher certification examinations.

**Status of other indicators:** Indicators 3A, Class Size and Student/Teacher Ratios, and 3B, Number of Credit Hours Taught by Faculty, will be monitored by the Commission on a 3-year cycle beginning in 2006. Indicator 3C, Ratio of Full-Time Faculty as Compared to Other Full-Time Employees, is measured through Indicator 5A, Ratio of Administrative Costs to Academic Costs.

### 3. CLASSROOM QUALITY

</tr>
</tbody>
</table>

**Critical Success Factor 4, Scored Indicator Notes:** 4A combined with 4B is a sector specific indicator designed in cooperation with the institutions in the sector to address identified areas of need related to cooperative and collaborative efforts. The research sector has selected to focus for the next five years on enhancing collaborative research within the sector including the development and use of an integrated faculty and grants database system. The institutions are measured collectively (provided each meets its own minimum level) on the percent increase of collaborations over the average of the three preceding years.

### 4. INSTITUTIONAL COOPERATION & COLLABORATION

<table>
<thead>
<tr>
<th>Critical Success Factor</th>
<th>Measure Name</th>
<th>Measure Description</th>

<td>deferred</td>
<td>Measurement Deferred, See Note Below for 5A</td>
<td>3% of prior 3-yr avg</td>
<td>deferred</td>
</tr>
</tbody>
</table>

**Critical Success Factor 5, Scored Indicator Notes:** 5A measures the ratio of administrative costs to academic costs where administrative costs are expenditures in instruction research, academic support, and scholarship/fellowship categories, and academic costs are expenditures in the institutional support category. For the 4-year colleges and universities sector, unrestricted funds only are included and funds transfers are excluded. For 5A scoring, a downward performance trend is expected. In Year 7, 5A measurement is deferred due to changes in federal reporting of financial data that affects all public higher education institutions. The measure is under revision for future years.

**Status of other indicators:** Indicators 5B, Use of Best Management Practices; 5C, Elimination of Unjustified Duplication Of and Waste In Administrative and Academic Programs; and 5D, Amount of General Overhead Costs, are measured through Indicator 5A.

### 5. ADMINISTRATIVE EFFICIENCY

<table>
<thead>
<tr>
<th>Critical Success Factor</th>

<td>70.0% to 85.0%</td>
<td>5% of prior 3-yr avg</td>
<td>N/A</td>
</tr>
</tbody>
</table>

**Critical Success Factor 6, Scored Indicator Notes:** A comparable measure to that used for 6A combined with 6B as applicable to other four-year institutions was defined for MUSC. For MUSC, 6A/B measures the percent of first-time, full-time entering graduate and first professional students who take and report required entrance examinations or who have reported a college grade point average (GPA) or a college rank who meet or exceed the Commission-approved target for such examinations and credentials. Targets defined include: MCAT of 26.6 or higher; DAT of 34 or higher; PCAT of 200 or higher; GRE Verbal, Quantitative, and Analytical of 1587 or higher; GMAT of 521 or higher; College GPA of 3.0 or higher on a 4.0 scale; and top 30% of College Class. See Performance Funding Workbook, November 2002, pp.II.123-II.129, for complete details.

**Status of other indicators:** Indicators 6C, Post-Secondary Nonacademic Achievement of Student Body, and 6D, Priority on Enrolling In-State Students, are monitored by the Commission on a 3-year cycle beginning in 2005. Indicator 6C has never been applicable to this institution.

</tbody>
</table>

**Critical Success Factor 7, Scored Indicator Notes:** A comparable measure to that used for 6A combined with 6B as applicable to other four-year institutions was defined for MUSC. For MUSC, 6A/B measures the percent of first-time, full-time entering graduate and first professional students who take and report required entrance examinations or who have reported a college grade point average (GPA) or a college rank who meet or exceed the Commission-approved target for such examinations and credentials. Targets defined include: MCAT of 26.6 or higher; DAT of 34 or higher; PCAT of 200 or higher; GRE Verbal, Quantitative, and Analytical of 1587 or higher; GMAT of 521 or higher; College GPA of 3.0 or higher on a 4.0 scale; and top 30% of College Class. See Performance Funding Workbook, November 2002, pp.II.123-II.129, for complete details.

**Status of other indicators:** Indicators 6C, Post-Secondary Nonacademic Achievement of Student Body, and 6D, Priority on Enrolling In-State Students, are monitored by the Commission on a 3-year cycle beginning in 2005. Indicator 6C has never been applicable to this institution.
## Critical Success Factor 7, Scored Indicator Notes:
A measure similar to that of 7A, graduation rate used for other four-year institutions with undergraduates has been defined for MUSC. **7A for MUSC measures the first-time, full-time graduates students except those in PhD programs, and first professional students who complete degree programs within an allowable timeframe.** See pp.II.137-140 of the November 2002 Workbook for complete details. **7D measures the percent of total students taking certification examinations who pass the examination.** For all exams, except teacher certification exams, first-time test takers only are considered. Exams vary across institutions due to differences in programs. For institutions with teacher education programs, the PRAXIS PLT scores are excluded. Middle school pedagogy examination (PLT 5-9) scores continue to be excluded to allow for development/adoption of curricula to support this new certification area. For those with dental assisting programs, DANB exam scores are excluded. Details by exam are available on-line in CHE’s Institutional Effectiveness publication “A Closer Look at Public Higher Education in SC.” Jan 2003.

As of Year 7, Indicators 7B, Employment Rate for Graduates, and 7C, Employer Feedback on Graduates Who Were Employed or Not Employed, and 7E, Number of Graduates Who Continued Their Education, have been redefined and are not applicable to this sector.

### Status of other indicators:
Indicator 7F, Credit Hours Earned of Graduates, is monitored by CHE on a 3-year cycle beginning in 2006, and is applicable to senior institutions, except MUSC.

### Critical Success Factor 8, Scored Indicator Notes:
For 8C, total headcount is inclusive of all categories: minority, unknown race, white, and non-resident alien. *Minority* is defined as African American, American Indian/Alaskan Native, Asian/Pacific Islander, and Hispanic. Applicable for parts 1 & 2, SC citizens are SC residents for fee purposes plus those with approved non-resident exceptions including those eligible to pay in-state tuition including military, faculty/administration employees, full-time employees or retired persons and dependents of each exception category. For parts 3 & 4, the measure is not limited to SC citizens, and minority is defined consistently for parts 1-4.

### Status of other indicators:
Indicator 8A, Transferability of Credits To and From the Institution, is monitored by the Commission on a 3-year cycle beginning in 2005. Indicator 8B, Continuing Education Programs for Graduates and Others, does not apply to this sector.

### Critical Success Factor 9, Scored Indicator Notes:
In Year 6, a measure for 9A comparable to that used for institutions with teacher education programs was defined for MUSC. **9A for MUSC measures grants and awards expended to support the improvement in child and adolescent (pre-K-Grade 12 aged children) health. MUSC received compliance on 9A during Year 6 as baseline data were collected.** *Timeframe is being phased-in such that the average of the past three years will be used as the denominator.* **9B measures expenditures of restricted funds in the category of research for the most recent ended fiscal year compared to the average of the most recent ended 3 years.** In Year 7, 9B measurement is deferred due to changes in federal reporting of financial data that affects all public higher education institutions. However, the institutions are being scored in Year 7 using the average of the scores received on 9B for the past three years. The measure is under revision for future years.

## Performance Year 2002-03 Scoring Summary (Overall Score to Impact FY 2003-04 Allocation)
