

SOUTH CAROLINA

COMMISSION ON HIGHER EDUCATION

July 27, 2018

MEMORANDUM

To: Members, Advisory Committee on Academic Programs (ACAP); Licensed Nonpublic Postsecondary Institutions

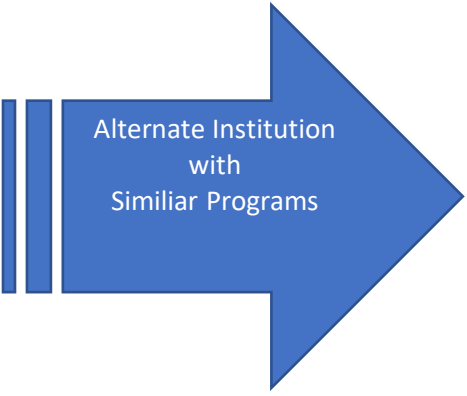

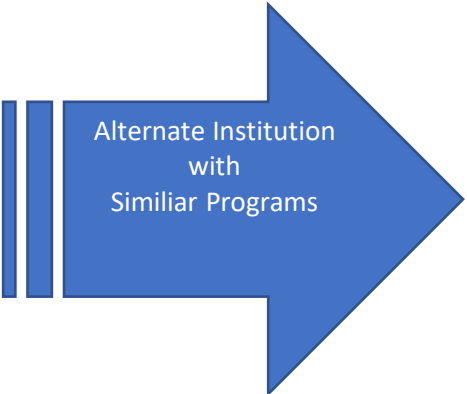

From: John Lane, DMA, Director of Academic Affairs, SC Commission on Higher Education

Subject: Art Institute of Charleston student accommodation

Representatives of Dream Center Education Holdings, LLC (DCEH) have notified the S.C. Commission on Higher Education (CHE) of its intent to cease new enrollments at the Art Institute of Charleston. Students currently enrolled at the Art Institute of Charleston who are unable to complete their programs by December 31, 2018, are being redirected to online or “on-ground” programs offered at other campuses within the national DCEH system. In situations like this the Commission’s priority is to ensure the interruption to the academic experience of students is mitigated to the greatest extent possible. For this reason, the CHE is making students aware of similar programs offered by other South Carolina institutions.

Attached is a list of Art Institute of Charleston programs, mapped to similar programs offered by South Carolina public, independent, and licensed institutions. The Commission encourages all South Carolina institutions to be as accommodating as possible, within the bounds of their accreditation, to displaced Art Institute of Charleston students who might be interested in transferring into programs at their institution.

Please review the attached list of programs and alert CHE staff to any errors or omissions. You may contact Lane Goodwin at lgoodwin@che.sc.gov or (803) 737-3918 with any questions or comments.

Programs Offered at Art Institute of Charleston			Alternate Pathways	Institution Options	Degree/ Certificate	Program Name	CIP
