

## South Carolina Professors of the Year 1988 – 2014

Under Act 629 of 1988, the state legislature established an annual recognition program for South Carolina's higher education professors. Through this program, South Carolina professors have been recognized each year since 1988 for their exemplary teaching, scholarship and service. From 1988 through 1995, one professor was selected from among the state's public and independent colleges and universities as the Governor's Professor of the Year. Beginning in 1996, two professors, one from a senior college or university and one from a two-year college have been selected. Award recipients designated as the Governor's Professors of the Year are listed below by year.
