

SOUTH CAROLINA COMMISSION ON HIGHER EDUCATION (CHE)

Mission: to promote quality and efficiency in the state system of higher education with the goal of fostering economic growth and human development in South Carolina.

The South Carolina Commission on Higher Education (CHE), established in 1967, serves as the coordinating board for SC's 33 public institutions of higher learning. It acts both as an advocate for higher education and an oversight entity on behalf of the General Assembly. The Commission is responsible for assuring a balance between student and taxpayer interests and institutional policies, aspirations, and needs.

CHE carries out its mission through statewide planning and approval authority, working with institutions to promote quality, access, and efficiency in the state's higher education enterprise, while balancing advocacy, stewardship, and accountability. The major functions of CHE can be categorized broadly into four major areas: advocacy, coordination, and planning; research and information services; accountability and reporting; and program administration. In performing its responsibilities, CHE works closely with institutions to expand educational opportunities for all state's citizens, to invest in research for economic development and a better quality of life, and to increase cooperation and collaboration for higher levels of efficiency and quality in higher education opportunities throughout the state.

CHE operates pursuant to the SC Code of Laws, as amended, §59-103-5, *et seq.*, and is governed by a board of 15 members who are appointed by the Governor including: one at-large member appointed as chair, three other at-large members, seven members representing the Congressional Districts, three members representing the public higher learning sectors, and one member representing the independent higher learning institutions. Appointees representing Congressional Districts are recommended by a majority of the State Senators and House members comprising the District's legislative delegation; the remaining appointees are recommended and appointed based on the advice and consent of the Senate. Commissioners serve four-year terms with the exception of the three public institutional trustees who serve two-year terms. All except the independent institution representative are voting members.

What does the Commission on Higher Education (CHE) do?

CHE provides statewide policy direction, management, and oversight of the state's higher education enterprise.

- ✓ **Oversees academic program quality** including approval of academic programs at public institutions and licensing of non-public institutions that operate in SC.
- ✓ **Maintains funding system and data/accountability systems** essential for understanding performance and productivity that serve as the source of required national data.
- ✓ **Approves all public higher education capital projects, leases, and land purchases, and collects and reports building data** to help determine state capital priorities.
- ✓ **Oversees administration of student financial aid** to provide statewide equity of awards and consistency of selection criteria.
- ✓ **Supports increased access to and success in higher education**, improving the transition from K-12 to higher education, ensuring effective transfer and articulation, promoting programs that are responsive to adult learners, veterans, and other non-traditional students.
- ✓ **Supports increased public awareness of the importance of higher education** to help all South Carolinians earn a certificate or diploma that prepares them to be successful, productive citizens in a changing global environment.
