**Correction to Staff Recommendation on Finance Mail-Out and CHE Mail-Out for March 7th meeting, regarding the Staff Summary Recommendation for Regulatory Relief Report on Section 14: Repeal a Number of items in 255 and 629.**

The Staff Summary Response contains a Law Reference error, which inadvertently mixes Acts 629 and 359, and therefore is confusing to the reader familiar with both Acts. Please note that the Staff Summary Response should read as follows (underlined portions refer only to corrected/additional portions).

***Summary Response: The CHE Staff does NOT support the Committee's recommendation to change Act 255 regulations or Act 629 regulations. It is noted that the Committee did not request any changes to Act 359 requirements, and the CHE staff agrees.***

The Division of Planning, Assessment and Performance Funding apologizes for any confusion this may have caused the reader.

Our thanks go to Dr. Bob Mellon for catching this error.
