MEMORANDUM

To: Dr. Layton McCurdy, Chairman, and Members, Commission on Higher Education

From: Dr. Bettie Rose Horne, Chair, and Members, Committee on Academic Affairs and Licensing *Beth Horne*

Consideration of Annual Report on Advanced Placement Course Acceptance Policies, FY 2007-08

The Education Improvement Act (1984) requires the Commission to monitor the awarding of AP credit by the State's public higher education institutions. The Education Improvement Act specified that:

Students successfully completing the Advanced Placement requirements shall receive Advanced Placement credit in postsecondary public colleges in South Carolina in the manner specified by the Commission on Higher Education in conjunction with the State Board of Education.

In July 1985, the Commission adopted the following policy:

Effective not later than Fall 1986, each public institution shall give credit in appropriate courses for scores of three or better on pertinent Advanced Placement examinations, except that specific exemptions for not awarding credit for scores of three or better on particular tests at any institution may be approved by the Committee on Academic Affairs. (As used above, the phrase "appropriate courses" means those courses offered by the institutions which parallel the content covered by the AP exam. The phrase "pertinent examination" means those examinations whose content parallels that of the institutional course.)

Annually, the Commission updates its list of Advanced Placement (AP) examinations for which credit for comparable courses is awarded for scores of three or higher. The two- and four-year public institutions in the State review the current list of AP examinations for which credit is given by their institution, and then report any revisions (e.g., additions, deletions).

The 1996-97 Appropriations Bill included a proviso (section 18A.21) that mandated that all postsecondary institutions in South Carolina award AP credit to students receiving a score of three or above on an AP examination. All institutions evaluated their AP policies based on this approved legislation. The proviso was incorporated into the South Carolina Code of Laws, as follows:

SECTION 59-29-190. Advanced placement courses for academically talented students. [SC ST SEC 59-29-190]

Each school district shall provide advanced placement courses in all secondary schools of the district which enroll an adequate number of academically talented students to support the course. By August 15, 1984, the State Board of Education by regulation shall specify what constitutes an advanced placement course and an adequate number of students for these programs. A student who successfully completes the advanced placement requirements for a course and who receives a score of three or higher on the advanced placement exam shall receive advanced placement credit for the course in each post-secondary public college in South Carolina in the manner specified by the Commission on Higher Education in conjunction with the State Board of Education.

In compliance with the approved legislation, each public two- and four-year institution shall award AP credit for each course if a student scores three or higher on an Advanced Placement examination. Although the law does not address maximum limits on the number of AP credit hours in any one discipline area, exemption from courses, or specific conditions imposed on the award of college credit for a minimum score of three, the intent of the law is to remove all institutional exemptions or conditions for awarding AP credit for minimum scores of three. However, the law does not require that AP credit be awarded for courses that are not offered by the institution unless the institution desires to do so. Customarily, institutions have not awarded credit for courses not available in their curricula.

The following two charts (see **Attachments 1 and 2**) show the acceptance status for all current AP tests at each public two-and four-year institution.

In May 2008, AP exams in Japanese Language and Culture and Chinese Language and Culture will be administered for the first time. The Advanced Placement Course

Descriptions for all courses along with other information regarding AP courses and exams can be found online at <http://www.collegeboard.com/ap>.

Recommendation

The that the Committee on Academic Affairs and Licensing commends favorably to the Commission approval of this report.
