The editing process for enrollment and scholarship data has been updated. From **fall 2007 forward**, scholarship data will be cross-checked with enrollment data. This process will occur in both the enrollment and scholarship load and edit of data. If there are scholarship awards within the data for terms prior to fall 2007, these edits will not occur.

Listed below are the edits and the warning messages:

1) All scholarship/grant students are checked for a matching enrollment record.
   "Student Id Not Found On Enrollment (Warning-Auditable)"
   "No Enroll Rec-Student Cannot Rec Enhanced Amt-Warning Auditable"
2) All scholarship/grant students are checked for degree-seeking status.
