

## **AS/400 MASTER FILE LAYOUTS/COMPLETIONS**

### **TAPE.STUDENTC REQUIREMENTS**

The following information will describe in detail which awards should be included in the TAPE.STUDENTC file.

*Reporting Period.* Institutions are to report all degrees and other formal awards conferred by your institution during the previous academic year. All of the degrees that are conferred from the fall of one calendar year to the end of the summer of another calendar year are to be reported. For example, to be reported in one cycle would be Fall 1996, Spring 1997, Summer I 1997, and Summer II 1997. The TAPE.STUDENTC file is due annually at the Commission by September 30 of each year.

*Definition of "Degree".* A "degree" is defined as a formal award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.

*Definition of "Conferred".* "Conferred" is defined as when a student has completed the required course work for the award, has formally applied for the award, and has been approved for the award.

*Awards to be Included.* Report all degrees and awards actually conferred during the reporting period. Degrees earned but not yet conferred during the period should not be reported. If an individual received two degrees at different levels (e.g., a bachelors degree at the end of the summer session and a master's degree at the end of the academic year), report each of the awards in its appropriate classification. Include completions in academic as well as vocational or occupational programs.

*Double Majors -* When a student graduates with a major in two program specialties, report the degree in the field in which the degree was awarded. Report the second major in the double major record.

*Two Degrees -* If a student actually receives two degrees based on two independent courses of study, (i.e. one in Business and Management **and** one in Foreign Languages), report each degree under the appropriate program category.

*Awards to be Excluded.* The following awards should not be included in the TAPE.STUDENTC file.

1. Degrees and awards conferred by branches of your institution located in foreign countries;
2. Honorary degrees and awards.

**ATTRIBUTE LEDGER**

A = Alphanumeric Format

N = Numeric Format (Unpacked, Unsigned)

TAPE.STUDENTC contains data for all students for a given year and semester at institutions. Consistent with ASCII format, fields and files are delimited by physical position. REC\_TYPE for the Completion Record is specified with the constant "F". For the Double Major Record, REC\_TYPE is specified with "M". Nulls are represented as all nines in both alphanumeric as well as numeric fields. All fields are mandatory.

NOTE: For each degree a student is awarded, a separate record is generated.

\*For Public institutions only. Private institutions report as null value (99999).
