Commission on Higher Education Launches Evening Information Hotline

Columbia, SC—The South Carolina Commission on Higher Education (CHE) has launched an evening information hotline to help students and families across South Carolina answer the higher education questions they may have. The hotline, which can be reached at **1-877-349-7183**, will be staffed by a seasoned information specialist. Parents and students alike may call the toll-free number and speak with someone on a host of issues ranging from general college admissions to state scholarship and grants as well as the SC GEAR UP and other higher education awareness programs.

“We all know families have questions that need to be answered after normal business hours have concluded. We are always looking at ways to improve our customer service and we believe this information hotline is that vehicle,” said Dr. Karen Woodfaulk, Director of Student Services at CHE.

The hotline will be open from the hours of 5:30 p.m. to 8:30 p.m. on Tuesdays, Wednesdays and Thursdays for South Carolina families. In addition to calling the hotline, those with questions are encouraged to visit CHE’s website at www.che.sc.gov for additional information.
