

ACAP
1/26/17
Agenda Item 2c

Name of Institution
University of South Carolina (Columbia)

Name of Program (include concentrations, options, and tracks)
Current: Master of Science in Nursing (degree); Community Mental Health and Psychiatric Nursing (major); Psychiatric Mental Health Nurse Practitioner (concentration)

Proposed: Master of Science in Nursing (degree); Psychiatric Mental Health Nurse Practitioner (major); no concentration.

Program Designation

- Associate's Degree x Master's Degree
 Bachelor's Degree: 4 Year Specialist
 Bachelor's Degree: 5 Year Doctoral Degree: Research/Scholarship (e.g., Ph.D. and DMA)
 Doctoral Degree: Professional Practice (e.g., Ed.D., D.N.P., J.D., Pharm.D., and M.D.)

Does the program qualify for supplemental Palmetto Fellows and LIFE Scholarship awards?

- Yes
x No

Proposed Date of Implementation Fall 2017 CIP Code Current: 51.3811;
Proposed: 51.3810

Delivery Site(s)
USC – Columbia Campus

Delivery Mode

- Traditional/face-to-face* Distance Education
*select if less than 50% online 100% online
x Blended (more than 50% online)
 Other distance education

Program Contact Information (name, title, telephone number, and email address)

Stephanie Burgess, PhD, APRN, FNP-BC, FAANP
Associate Dean of Practice and Graduate Director
(803) 777- 2219
sburgess@mailbox.sc.edu

Institutional Approvals and Dates of Approval:

Graduate Council: May 23, 2016
Provost: November 4, 2016
President: November 22, 2016
Board of Trustees: December 13, 2016 (anticipated)

Background Information

State the nature and purpose of the proposed program, including target audience and centrality to institutional mission. (1500 characters)

The proposal is to change the MSN *concentration* of Psychiatric Mental Health Nurse Practitioner (PMHNP) program to the *major* name of Psychiatric Mental Health Nurse Practitioner. There are no additional changes requested. The title Psychiatric Mental Health Nurse Practitioner is now the accepted title designated by the professional nursing organizations (American Association of Colleges of Nursing; American Association of Nurse Practitioners; National Organization of Nurse Practitioner Faculties) and the nursing accreditation agency (Commission on Collegiate Nursing Education). The current CIP code remains appropriate at the major level. The administration and faculty believe this best reflects the current state of the program and national standards/trends with Psychiatric Mental Health Nurse Practitioner prepared to see patients across the lifespan.

The current PMHNP program was re-instituted in Fall 2015 after being on hold for a few years. The program enrolled 50 students for 2015-16, with additional students in the post-master's certificate program.

List the objectives of the program. (1500 characters)

The mission of the College of Nursing is to create and develop competent, caring nurse leaders to advance the profession of nursing through the integration of teaching, research and service to improve client health and well-being outcomes.

The program will prepare students to:

1. Demonstrate knowledge and skills required for advanced practice nursing.
2. Implement core and clinical course content within the context of the community, and demonstrate understanding of the community as a client.
3. Demonstrate the ability to use theory and research findings in practice.
4. Demonstrate leadership skills for advanced nursing practice.

Assessment of Need

Provide an assessment of the need for the program for the institution, the state, the region, and beyond, if applicable. (1500 characters)

As with our other NP graduates, it is anticipated that majority of the graduates of the Psychiatric Mental Health Nurse Practitioner program will remain in South Carolina following graduation. The majority of our PMHNP students have been recruited from rural or underserved areas with grant funding from the BCBS for scholarships.

South Carolina (SC) has a severe primary care provider shortage, especially in the rural areas. SC is primarily a rural state, with 42 out of 46 counties designated as rural, comprising 4.5 million residents. Census data indicate that the ethnic diversity of the state is 69.2% white, 28.6% AA, and 3.1% Hispanic (US Census, 2010). Approximately, 25% of the population is uninsured. With an overall ranking of "F" in health care, SC ranks 42nd among the states in health status for primary and acute care and 46th for determinants of health (United Health Foundation, 2015).

Mental illness is a major public health concern in the US; it is a primary cause of disability and carries a high financial cost (SAMHSA, 2014). In South Carolina, 4.1% of adults over 18 years have a serious mental illness and 18.9%, or approximately 1 in 5, have "any" mental illness (SAMSHA, 2014). South Carolinians have limited access to mental health care and suffer from a shortage of mental health providers to address the state's health needs. In SC, 41 counties are designed as underserved for mental health in SC, leaving the remaining 5 counties to fill the gap for mental health services (SC DHEC). In February, 2014 a web-search revealed 50-75 PMHNP vacancies posted across the state of South Carolina. There are no PMHNP education programs in South Carolina, with only two programs in our bordering states (UNC Chapel Hill and University of Florida). Anderson College had initiated a program but it closed after ½ semester Fall 2016. Their students are transferring to our program. MUSC is developing a PMHNP program, expected date of enrollment is 2017 or 2018. With mental health needs escalating, and provider access decreasing, South Carolina will need to move quickly and efficiently to address this unmet need. High priority risk areas are individuals and families in underserved areas and those who are uninsured and underinsured.

Will the proposed modification impact any existing programs and services at the institution?

Yes

No

If yes, explain. (1000 characters)

Employment Opportunities

Is specific employment/workforce data available to support the proposed program?

Yes

No

If yes, complete the table and the component that follows the table on page 4. If no, complete the single narrative response component on page 5 beginning with "Provide supporting evidence."

Employment Opportunities			
Occupation	Expected Number of Jobs	Employment Projection	Data Source
Psychiatric Mental Health Nurse Practitioner	50 annually	100%	Palmetto Health GHS Roper St Francis MUSC Aiken Regional McLeod Private Psychiatric Providers Long Term Care Primary Care SCDMH DDSN DAODAS Prison County Jails Free Clinics

Provide additional information regarding anticipated employment opportunities for graduates. (1000 characters)

Agencies and hospital systems are hiring PMHNP to fulfill roles of psychiatric mental providers in the acute and outpatient settings. We anticipate 100% employment rate for all PMHNP graduates. We are a well-established, well respected program in the nation. Our NP (FNP and AGACNP) program is rated #1 in the US 2016 by the US NEWS and WORLD REPORT.

Provide supporting evidence of anticipated employment opportunities for graduates, including a statement that clearly articulates what the program prepares graduates to do, any documented citations that suggests a correlation between this program and future employment, and other relevant information. Please cite specific resources, as appropriate. (3000 characters)

Our PMHNP graduates will obtain employment or initiate their own practice upon graduation to provide psychiatric mental health care (management including assessment, diagnosing, and prescribing autonomously). The program clearly prepares graduates to provide care, assume leadership roles in health care settings, and serve the community/population. Since we re-opened our program in 2015, we anticipate the first class graduating in 2017.

ACAP

1/26/17

Agenda Item 2c

Note: Only complete this if the Employment Opportunities table and the section that follows the table on page 4 have not previously been completed.

Will the proposed program impact any existing degree programs and services at the institution (e.g., course offerings or enrollment)?

Yes

X No

If yes, explain. (500 characters)

List of Similar Programs in South Carolina

Program Name	Institution	Similarities	Differences
MSN-Psychiatric Mental Health Nurse Practitioner	Medical University of South Carolina	Same type of program academically, online, public university – very similar	MUSC plans to open their program Fall 2017 or 2018 upon approval.
MSN- Psychiatric Mental Health Nurse Practitioner (closed fall 2016)	Anderson University	Same type of program academically but with less clinical requirements.	Anderson is a small program, onsite, private. Anderson initiated a new PMHNP program Fall 2016 but they have closed their PMHNP program after a ½ semester Fall 2016 due to a loss of their director and psychiatric mental health faculty. Students are transferring to USC.

Description of the Program

Projected Enrollment: Adding 30 (net 5-20) new PMHNP students per year who take 6 credits each per semester						
Year	Fall		Spring		Summer	
	Headcount	Credit Hours	Headcount	Credit Hours	Headcount	Credit Hours
2016-2017	55	330	55	330	55	330
2017-2018	60	360	60	360	60	360
2018-2019	60	360	60	360	60	360
2019-2020	80	480	80	480	80	480
2020-2021	100	600	100	600	100	600

Besides the general institutional admission requirements, are there any separate or additional admission requirements for the proposed program?

Yes

No

If yes, explain. (1000 characters)

Goal Statement to reflect program outcomes

CV

GPA 3.0

Three letters of recommendation from professionals at the Masters or Doctoral level who can attest to the applicant's ability to be successful in our program, aligning with program outcomes.

Are there any special articulation agreements for the proposed program?

Yes

No

If yes, identify. (1000 characters)

Curriculum

Select one of the following charts to complete: Curriculum by Year **or** Curriculum by Category: Part time (typical course for full time to part time study, Non-thesis option, 45 credit hours). Fall Start.

Proposed Curriculum. Same as current, except name change. **Master of Science in Nursing: Psychiatric Mental Health Nurse Practitioner (PMHNP) (45-48 credit hours)**

- NURS 700 (3 cr)- Theoretical and Conceptual Foundation for Nursing
- NURS 702 (3 cr) - Pharmacologic Management of Pediatric, Adult, and Gerontological Patients Across the Healthcare Delivery Continuum
- NURS 704 (3 cr)- Advanced Health Assessment*
- NURS 707 (3 cr) - Advanced Pathophysiology for Nurses
- NURS 708 (3 cr)- Conceptual Basis for Family and Community Health Nursing
- NURS 718 (3 cr) - Diagnostic Interpretation and Therapeutic Modalities
- NURS 720 (3 cr) – Clinical Applications of Population Analysis
- NURS 731 (3 cr)- Management of Psychiatric Mental Health Problems across the lifespan*
- NURS 732 (3 cr) – Management of Complex Psychiatric Mental Health Problems across the lifespan *
- NURS 761(3 cr) Neuroscientific Basis for Behavior and Psychopharmacologic Management
- NURS 798 (3 cr) - Advanced Practice Practicum : Psychiatric Mental Health NP*
- EPID 700 (3 cr)- Introduction to Epidemiology
- NURS 717 (3 cr) - Application of Basic Statistics for Nursing and Nursing Service Management
- NURS 790 (3 cr)- Research Methods for Nursing
- NURS 791 (3 cr) Seminar in Clinical Nursing Research

(or NURS 799 (6 cr) Thesis Preparation

*indicates courses with practicum hours

Students must successfully complete all clinical placement requirements, including criminal background checks, drug screening and immunizations. Students must participate in clinical rotations in states approved through State Authorization (see http://www.sc.edu/about/offices_and_divisions/provost/planning/academicprograms/state-authorization/index.php) for specifics.

Students are required to participate in two on-site clinical check off days during clinical courses.

			year Canadian Institutes of Health Research Postdoctoral Fellowship in Trauma Outcomes at the University of British Columbia, Department of Surgery.	
PhD, RN Associate Professor, Tenured	Full time	Nursing 708: Conceptual Basis for Family and Community Health Nursing	PhD in Nursing Science, Illinois University in Chicago	USC Faculty Member x 7 years

Note: Individuals should be listed with program supervisor positions listed first. Identify any new faculty with an asterisk next to their rank.

Total FTE needed to support the proposed program (i.e., the total FTE devoted just to the new program for all faculty, staff, and program administrators):

Faculty	Staff	Administration
7FTE	1	5

(Faculty are shared between FNP, AGACNP, and PMHNP programs)

Faculty /Administrative Personnel Changes

Provide a brief explanation of any additional institutional changes in faculty and/or administrative assignment that may result from implementing the proposed program. (1000 characters)

We are recruiting one Doctorally prepared PMHNP faculty member. The position is already approved and the position has been advertised in the appropriate nursing venues. With the growth in our program (55 NP students, admitting 28 in Spring 2017), the additional faculty member is needed to meet ratios of faculty to students according to accreditation standards by National Organization of Nurse Practitioner Faculty. Additionally, with increased enrollments, budget increases are needed to cover clinical fees for clinical courses, liability insurance for NP students and NP faculty, faculty credentialing in facilities to precept NP students, student credentialing for clearances to engage in clinical in the various agencies and facilities, part time faculty support to assist in NP courses with enrollments to maintain NP faculty to NP student ratios, and faculty travel for site visits and NP student check offs. Students are required to have at least 2 site visits by faculty and 2 check offs by faculty for each clinical course. As students progress in the program, student engagement in clinical experiences increases up to three and four days per week in various agencies or facilities.

Library and Learning Resources

Identify current library/learning collections, resources, and services necessary to support the proposed program and any additional library resources needed. (1000 characters)

USC library
Simulation Lab at the College of Nursing

No new resources are needed.

Student Support Services

Identify academic support services needed for the proposed program and any additional estimated costs associated with these services. (500 characters)

No new resources are necessary.

We recently added one staff line in student services to support the growth in the program for academic advising and clinical contracts.

Physical Resources

Identify any new instructional equipment needed for the proposed program. (500 characters).
We recently added a Simulation Lab Room designated for Skype with NP students in distant clinical sites. The room has been upfitted to meet the technology support.

None needed.

Will any extraordinary physical facilities be needed to support the proposed program?

Yes

X No

Identify the physical facilities needed to support the program and the institution's plan for meeting the requirements, including new facilities or modifications to existing facilities. (1000 characters).

All didactic instruction is online asynchronous. Current facilities include a simulation lab fully equipped with high fidelity manikins/monitors for programming acute care scenarios. We have 6 examining rooms and 4 high fidelity manikins. We have written a grant to add 3 more high fidelity manikins. Otherwise, no new facilities/equipment are needed. One Simulation Lab room has been reformatted and updated to fit technology for skyping with Psych NP students as they deliver mental health services with their preceptor.

Financial Support

Estimated New Costs by Year						
Category	1st	2nd	3rd	4th	5th	Total

Budget Justification

Provide a brief explanation for the other new costs and any special sources of financing (state funding, reallocation of existing funds, federal funding, or other funding) identified in the Financial Support table. (1000 characters)

Note: Institutions need to complete this budget justification *only* if any other new costs, state funding, reallocation of existing funds, federal funding, or other funding are included in the Financial Support table.

No new costs are needed. One faculty line has been approved for a doctorally prepared PMHNP. We are recruiting currently for the position.

Evaluation and Assessment

Programmatic Assessment: Provide an outline of how the proposed program will be evaluated, including any plans to track employment. Identify assessment tools or software used in the evaluation. Explain how assessment data will be used. (3000 characters)

TEQ and CEQ: Teacher and Course Evaluations. Collected each semester from NP students by class climate online. Data collected by Dr. Tavakoli, Office of Research College of Nursing, and disseminated to course faculty and College of Nursing Administrators. Aggregate data presented to College of Nursing Graduate Faculty. SAS software and class climate used to collect and store data. Assessments used to amend course content, teaching strategies, and course materials as appropriate.

PAQ: Program Assessment Questionnaire of Graduating NP students: Collected each semester from graduating NP students by class climate online. Data collected by Dr. Tavakoli, Office of Research College of Nursing, and disseminated to course faculty and College of Nursing Administrators. Aggregate data presented to College of Nursing Graduate Faculty. SAS software and class climate used to collect and store data. Assessments used to amend course content, program content deficits, and course materials as appropriate.

EAQ: Employer Assessment Questionnaire who employ NP graduates: Collected annually from employers of NP graduates by class climate online. Data collected by Dr. Tavakoli, Office of Research College of Nursing, and disseminated to course faculty and College of Nursing Administrators. Aggregate data presented to College of Nursing Graduate Faculty. SAS software and class climate used to collect and store data. Assessments used to amend the program to ensure the graduate is meeting the employer demands and expectations.

SEP: Student Evaluation of Preceptor. Collected each semester from the NP students in the 12 week of the clinical course by class climate online. Data collected by Dr. Tavakoli, Office of Research College of Nursing, and disseminated to course faculty and College of Nursing Administrators. Aggregate data presented to College of Nursing Graduate Faculty. SAS software and class climate used to collect and store data. Assessments used to continue or discontinue a preceptor for the student learning environment.

FPES: Faculty/Preceptor Evaluation of the Student in clinical. Collected 2 times per semester on each NP student in each clinical course. Direct observation. Hard Copy Tool FPES used by the Course Faculty Member and Preceptor to evaluate the student's competency proficiencies in the clinical setting. Evaluations shared with students to enhance or strengthen skills and competencies. Couse tools used in course evaluations.

ACAP
1/26/17
Agenda Item 2c

Will the proposed program seek program-specific accreditation?

Yes This program is accredited through CCNE 2021

No

If yes, provide the institution's plans to seek accreditation, including the expected timeline for accreditation. (500 characters)

We plan to seek re-accreditation in 2021. Our last accreditation was successful for a 10 year accreditation and no compliance issues or recommendations.

Will the proposed program lead to licensure or certification?

Yes

No

If yes, explain how the program will prepare students for licensure or certification. (500 characters)

After Graduation, the students are eligible to sit for the national certification exam: Psychiatric Mental Health Nurse Practitioner and can see patients across the lifespan. Upon certification, students can obtain licensure as a Nurse Practitioner in all states in the US.

Teacher or School Professional Preparation Programs

Is the proposed program a teacher or school professional preparation program?

Yes

No

If yes, complete the following components.

Area of Certification

Please attach a document addressing the South Carolina Department of Education Requirements and SPA or Other National Specialized and/or Professional Association Standards.
