PREFACE AND ACKNOWLEDGMENTS

Thirty-Sixth Edition

The *South Carolina Higher Education Statistical Abstract* is a comprehensive, single-source compilation of tables and graphs which report data frequently requested by the Governor, Legislators, college and university staff, other state government officials, and the general public. The 2014 edition of the Statistical Abstract marks the 36th year of this valuable publication.

This *Abstract* includes the most recent statistics on enrollment, degrees awarded, faculty, tuition and fees, funding, and other factual data. A glossary of terms is included in the appendix.

The *Abstract* would not have been possible without the assistance of the college and university institutional representatives' completion of data for Commission reports and the federal Integrated Postsecondary Education Data System (IPEDS). The help and support of these individuals is extremely important to the Commission's data collection process. Their assistance is greatly appreciated.

Gary Glenn
Director – Fiscal Affairs

Mission, Roles, Functions and Goals of the Commission

I. Mission

The South Carolina Commission on Higher Education will promote quality and efficiency in the state system of higher education with the goal of fostering economic growth and human development in South Carolina.

II. Roles and Functions

- A. To provide pertinent information about higher education to parents and students and to promote access to higher education.
- B. To review and approve new degree program proposals and evaluate existing programs.
- C. To administer state, regional, and federal programs affecting South Carolina higher education.
- D. To maintain a statewide planning and institutional effectiveness system.
- E. To monitor the implementation and evaluate the effectiveness of programs designed to provide minority groups with access to and equality of higher education opportunities.
- F. To examine and license non-public educational institutions.
- G. To make recommendations by means of data collection, research, and studies to the Governor, the Budget and Control Board, and the General Assembly regarding policies, roles, operations, and structure of South Carolina's higher education institutions.
- H. To maintain statewide higher education data collection.
- I. To establish procedures for the transferability of courses at the undergraduate level between and among two-year and four-year institutions.
- J. To coordinate with the State Board of Education in determining minimum academic expectations and requirements and approving appropriate secondary courses for prospective post-secondary students.
- K. To review minimum undergraduate admissions standards for in-state and out-of-state students.
- L. To reduce, expand, or consolidate, and beginning July 1, 1999, close any institution which does not meet the standards of achievement enumerated in Section 59-103-30 of the Code of Laws of South Carolina, as amended.
- M. To review and approve each institutional mission statement to ensure it is within the overall mission of that particular type of institution as stipulated by Section 59-103-15 and is within the overall mission of the state.
- N. To approve all capital projects, leases and land purchases of public colleges and universities; collect data concerning building and infrastructure maintenance needs; and manage building data used in support of the Comprehensive Permanent Improvement Plan (CPIP).

II. Roles and Functions (Continued)

- O. To administer and provide oversight for a number of student financial aid programs including Palmetto Fellows, LIFE, HOPE, Lottery Tuition Assistance, S.C. Needbased Grants and the S.C. National Guard College Assistance Program.
- P. To provide staff and support to the Smart State® Research Centers of Economic Excellence Program.
- Q. To serve as the State Approving Agency (SAA) to evaluate education/vocational institutions and training establishments where veterans and others eligible for the GI Bill can receive those benefits.

III. Goals

- A. To make South Carolina a global leader by working with business and industry to foster higher education's role in economic growth and human development.
- B. To maintain positive relations with the Governor, the Legislature, state agencies, parents, and students and to provide them and the general public with accurate information on South Carolina higher education.
- C. To present the need and develop support for appropriate funding of public colleges and universities.
- D. To address strategic issues in public and private higher education as they are identified and to ensure a continuous process of assessment and improvement.
- E. To assure access to and equality of educational opportunity among underrepresented populations in South Carolina higher education.
- F. To promote quality and diversity in the academic offerings of institutions of higher learning.
- G. To prevent or eliminate unnecessary duplication of degree programs among the state's public institutions.
- H. To expand post-secondary educational opportunities for South Carolina residents, to recognize student achievement, and to encourage excellence in teaching and research by administering various higher education programs.
- I. To ensure that non-public educational institutions, other than those exempted by statute, are legitimate educational enterprises that are fulfilling their purposes.

Commission Members

(As of September 8, 2014)

Commissioner	City	Term Expiration	Representation
John L. Finan, Chairman ¹	<i>Columbia</i>	7/1/2016	Gov. At Large as Chair
Elizabeth Jackson ¹	<i>Lexington</i>	7/1/2012	Gov. At Large
Jennifer Settlemeier ¹	<i>Prosperity</i>	7/1/2012	Gov. At Large
Vacant ¹			Gov. At Large
Terrye C. Seckinger ²	<i>Mt. Pleasant</i>	7/1/2016	1 st Congressional District
Charles Munns ²	<i>Aiken</i>	7/1/2014	2 nd Congressional District
Bettie Rose Horne ²	<i>Greenwood</i>	7/1/2008	3 rd Congressional District
Dianne C. Kuhl ²	<i>Greer</i>	7/1/2018	4 th Congressional District
Kim H. Phillips ²	<i>Gaffney</i>	7/1/2012	5 th Congressional District
Hood Temple ²	<i>Florence</i>	7/1/2014	6 th Congressional District
Vacant ²			7 th Congressional District
Leah B. Moody ³	<i>Rock Hill</i>	7/1/2012	Research Institutions (Ex-Officio)
Natasha Hanna ³	<i>Myrtle Beach</i>	7/1/2012	Four-Year Comprehensive (Ex-Officio)
Vacant ³			Technical Colleges (Ex-Officio)
Vacant ⁴			Independent Colleges & Universities (Ex-Officio)

¹ The Governor appoints four at-large members with one appointed as chair. At-large members serve four-year terms. The chair may be reappointed to the commission but may serve only one term as chair.

² Congressional District representatives are appointed by the Governor upon the recommendation of the respective Legislative Delegation from the District. These members are appointed to four-year terms and may not serve more than two consecutive terms.

³ Three members are appointed by the Governor with advice and consent of the Senate to represent the sectors of public colleges and universities. These members are from Boards of Trustees and serve a two-year term.

⁴ One member, a President of an independent college or university, is appointed by the Governor with advice and consent of the Senate to represent the independent colleges and universities. This member serves a two-year term and is non-voting.

Enrollment

COLLEGE ENROLLMENT AND WORK ACTIVITY OF 2013 HIGH SCHOOL GRADUATES

According to the National Bureau of Labor Statistics, in October 2013, 65.9 percent of 2013 high school graduates were enrolled in colleges or universities. Recent high school graduates not enrolled in college in October 2013 were more likely than enrolled graduates to be working or looking for work (74.2 percent compared with 34.1 percent). Information on school enrollment and work activity is collected monthly in the Current Population Survey (CPS), a nationwide survey of about 60,000 households that provides information on employment and unemployment.

Of the 3.0 million youth age 16 to 24 who graduated from high school between January and October 2013, about 2.1 million (65.9 percent) were enrolled in college in October 2013. For 2013 high school graduates, the college enrollment rate was 68.4 percent for young women and 63.5 percent for young men. The college enrollment rate of Asian graduates (79.1 percent) was higher than the rates for recent white (67.1 percent), black (59.3 percent), and Hispanic (59.9 percent) high school graduates.

¹ FTE includes medicine and dentistry headcount.

² These numbers exclude continuing education hours.

Note: Detail may not add to totals because of rounding.

***Full-Time Equivalent (FTE) Student Enrollment** – Calculated as fifteen (15) credit hours per semester for an undergraduate student, twelve (12) credit hours per semester for a graduate level 1 (master's) student, and nine (9) credit hours per semester for graduate level 2 (doctoral) students. Doctorate Professional Practice pharmacy hours are fifteen (15) credit hours per semester and Doctorate Professional Practice law are fourteen (14) credit hours per semester. Medicine and Dentistry use headcount rather than credit hours.

*In-State and Out-of-State enrollment are calculated using data reported by legal residency classification for fee purposes (SC Code of Laws 59-112-10, et seq., and Reg. 62.600, et seq) where:

In-State enrollment is defined in this table as SC residents for fee purposes including limited statutory exceptions for certain persons and their dependents residing or working in SC or for which SC has statutory reciprocal arrangements enabling SC students to attend institutions outside of SC at In-State rates.

Out-of-State includes nonresidents of South Carolina and those nonresident exception students on scholarship (non-state) who may have a full or partial waiver of the Out-of-State tuition differential per board approved policy as allowed by Section 59-112-70 of the SC Code of Laws, as amended. See below for additional details concerning In-state and Out-of-State categories.

⁽¹⁾ **In-State** includes the following categories for Fee Purposes:

- 1) Residents of South Carolina
 - A) military personnel and their dependents in SC;
 - B) faculty/staff employed by State institutions and their dependents;
 - C) retirees and their dependents who reside in SC and have been domiciled in SC for less than one year and maintain a residence in SC;
 - D) full-time employees in SC and their dependents who have taken steps to establish residency;
 - E) students participating in the reciprocal Southern Regional Education Board (SREB) Academic Common Market program whereby students may take programs not available in their state but offered in another state within the region at the In-State rate;
 - G) reciprocity agreements which enable reciprocity with other states with regard to In-State tuition and fees; and
 - H) non-resident aliens in approved VISA classifications once they have been awarded permanent resident status and meet statutory provisions for residency and domiciliary.

⁽²⁾ **Out-of-State** includes the following categories for Fee Purposes:

- 2) Non-Resident of SC; and
- F) Non-resident exception for fee category including Out-of-State students on non-state scholarships for which the board may adopt a policy to provide for a waiver of the tuition differential.

¹ Included in exclusions are students who were initially counted in the cohort and left the institution for any of the following reasons:

- died or is severely disabled;
- is serving in the armed forces (including those called to active duty);
- left to serve with a foreign aid service of the foreign government; or
- left to serve in official church missions.

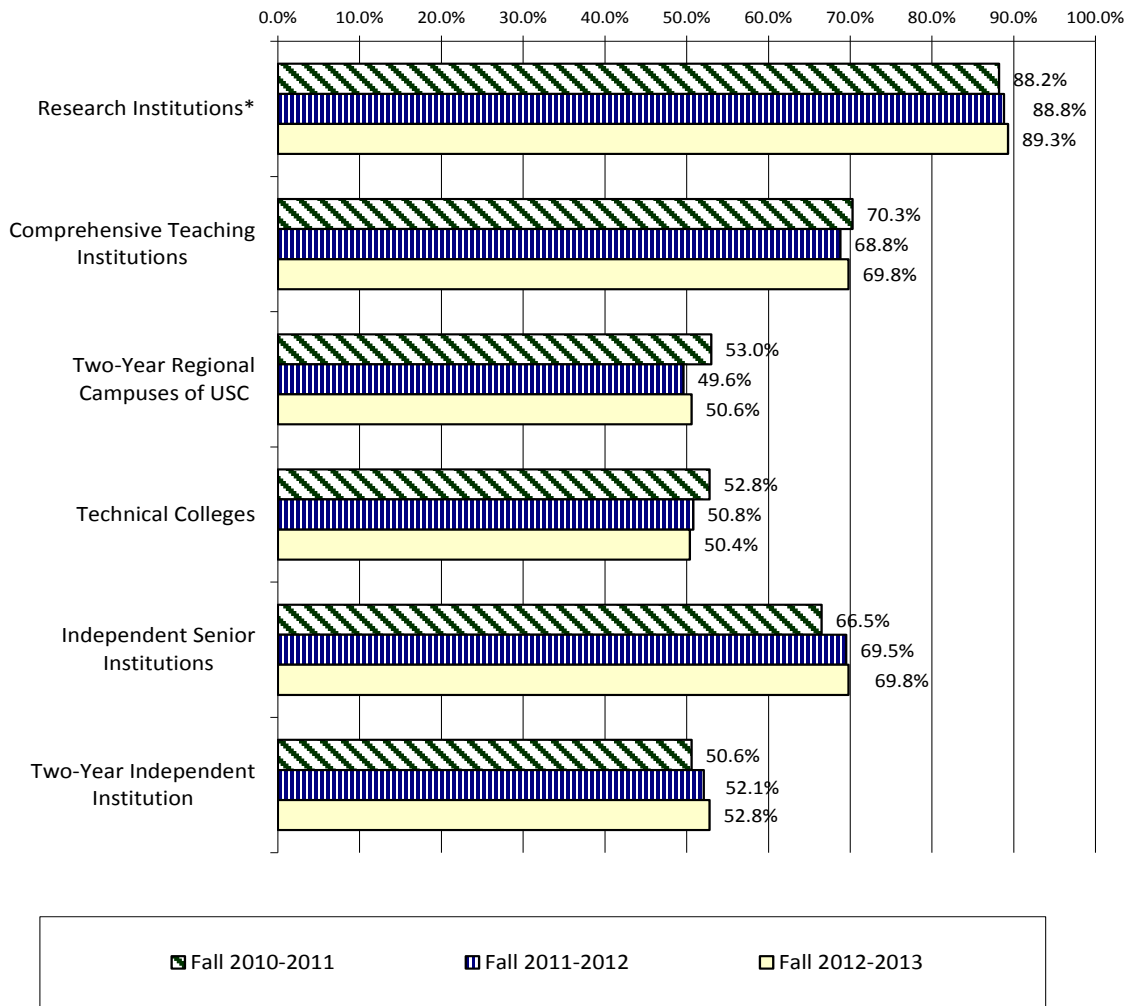

² MUSC is not included because the institution has no first-time freshmen.

Migration of First-Time Undergraduate Transfers

The Integrated Postsecondary Education Data System (IPEDS) defines a transfer student as one entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). The student may transfer with or without credit.

The following pages show the detailed migration of students from one institution to another for Fall 2013.

Migration of First-Time Undergraduate Transfers Summary Fall 2013

Degrees Awarded

The report, “Projections of Education Statistics to 2021,” includes data on enrollment, graduates, teachers, and expenditures in elementary and secondary schools and postsecondary-degree-granting institutions. Projections of degree awards were developed at each level: associate, bachelor’s, master’s, doctoral*, and first-professional*. Following are some highlights of the projections for postsecondary degrees awarded:

- Women are projected to earn more than half of the degrees at every level in academic year 2021–22, including about 63 percent of associate degrees (646,000 of 1,028,000 total).
- Men are expected to earn nearly as many master’s degrees (354,000) as associate degrees (383,000) in 2021–22.
- The 2.0 million bachelor’s degrees projected to be conferred in 2021–22 is the largest number for degrees at any level.

*Federal definitions have changed the names of the degrees awarded from doctoral to doctor’s-research/scholarship and from first-professional to doctor’s-professional practice. See appendix 5 for definitions

Earnings and unemployment rates by educational attainment

Note: Data are for persons age 25 and over. Earnings are for full-time wage and salary workers.

³For-Profit Degree Granting Institution

S.C. Public and Independent Institutions Five-Year Trend of Degrees Awarded FY 2008-2009 to FY 2012-2013

NOTE: Advanced professional programs were reclassified for federal and state completions reporting effective with the 2009-10 fiscal year: Master's of Divinity students moved from 1st Professional degrees to Master's level; Other First Professional degrees awarded moved to Doctor's-Professional Practice; and Doctor's Level changed to Doctor's-Research/Scholarship. In 2010-11, Doctor's degrees increased in both categories in contrast with the decreases from 2009-10. The decrease in degrees awarded in the five-year net change in Doctor's-Professional Practice reflects the adjustments in this reclassification.

Graduation Rates

One of the most talked about educational indicators in South Carolina (and in the nation) is the “graduation rate” of a college or university. What is it exactly? How is it calculated? Why is it important? And perhaps, most importantly, what can this number, often expressed as a percent, tell us about quality at our colleges and universities?

It is important to understand that South Carolina originally devised the graduation rate calculation in response to a question raised by the South Carolina Legislature as part of Act 255 of 1992. At that time, the Legislature wanted to know “How many years does it take for a first-time college student to graduate from a public college or university in South Carolina if the student goes to school full-time and does not change institutions?” All of the public colleges and universities met with the Commission on Higher Education and agreed on a process to calculate a graduation rate that would answer this question.

The calculation of graduation rates has since been standardized on a national level and South Carolina’s calculation conforms to the national calculation. The National Center for Education Statistics (NCES), in its ongoing effort to report on the condition of postsecondary education in the United States, started an effort in 1997 to collect data on completion or graduation rates and transfer-out rates of full-time, first-time certificate or degree-seeking undergraduate students. This collection has been identified as the Graduation Rate Survey (GR) and is a component of the Integrated Postsecondary Education Data System (IPEDS). For a definition of GR, see the Glossary at Appendix 5.

Graduation Rates

SC Public Research and Comprehensive Teaching Institutions

Number and Percent of degree-seeking, first-time, full-time freshmen entering in Fall 2007 and graduating with a Bachelor's Degree or Associate's Degree within 150% of normal time for completion.

¹"Success Rate" is defined as the "GRS Rate Plus."

The Graduation Rate Survey (GRS) defines the cohort of students to be included each year as the first-time, full-time, degree seeking students entering an institution each fall. The GRS rate is calculated on the percentage of a cohort graduating within 150% of normal program time. The Success Rate, in addition to the graduates, includes those students who as of 150% of program time have transferred to another institution or those students who have continued to be enrolled the term following 150% of program time.

²This data is based on the information available on the SC CHEMIS system only.

³Institutions have the opportunity to provide additional data on students who have transferred to institutions that are not included on the CHEMIS system (Based on Data received from SCTCS).

⁴Includes Certificate, Diploma & Associate Degree Seekers

⁵Additional transfers resulted in changes of retained numbers.

⁶For Associate's degrees through Summer 2013 and certificate/diplomas through Fall 2011.

The SAT Program

The SAT Reasoning Test™ assesses student reasoning based on knowledge and skills developed by students in their high school course work. The SAT Subject Tests™ are a series of one-hour, mostly multiple-choice tests that measure how much students know about a particular academic subject and how well they can apply that knowledge. Most students also complete the optional SAT Questionnaire when they register to take SAT Program tests, providing valuable contextual information to aid in interpreting and understanding individual and group scores.

Information on South Carolina's SAT takers is presented on the following pages.

National SAT Overview

The College Board announced that more college-bound students in the class of 2013 took the SAT than in any other high school graduating class in history. Nearly 1.66 million students from the 2013 graduating class participated in the college-going process by taking the SAT. The class of 2013 SAT takers represented the most diverse class in history, underscoring the College Board's continued commitment to access, equity and minority participation.

More than ever, the population of students taking the SAT reflects the diverse makeup of America's classrooms.

- **46 percent were minority students**
Among SAT takers in the class of 2013, 46 percent were minority students, making this the most diverse class of SAT takers ever.
- **35 percent were first-generation college-goers**
500,154 of SAT takers in the class of 2013 report being the first in their family to attend college
- **30.0 percent do not speak exclusively English**
463,727 of SAT takers in the class of 2013 report that English was not the only language first learned at home.

See Page 82 for a comparison of South Carolina's SAT data to National data.

Scholarships and Grants

Scholarships and grants are forms of financial aid that help students pay for postsecondary education. Unlike student loans, scholarships and grants do not have to be repaid. Over the years, millions of dollars in scholarships and grants have been awarded to eligible students attending South Carolina public and independent colleges. The state provides financial assistance to eligible students in the form of need-based, merit-based, and other financial aid.

In South Carolina, students may be eligible to receive one of the three statewide, merit-based scholarships: Palmetto Fellows Scholarship, Legislative Incentives for Future Excellence (LIFE) Scholarship, or SC HOPE Scholarship. Additional funding is available for enhancements to the LIFE Scholarship and Palmetto Fellows Scholarship based on declared majors in approved mathematics and science programs.

Please be aware that the information provided is subject to change and updates are made as necessary. For the most up-to-date information, visit the Commission's web site at www.che.sc.gov.

South Carolina Scholarships and Grants Administered by the S.C. Commission on Higher Education

General Eligibility Requirements for all State Scholarships and Grants

The Student must:

1. Be a US citizen/legal permanent resident;
2. Be a South Carolina resident;
3. Be enrolled as a degree-seeking student at an eligible South Carolina public or independent institution;
4. Not owe a refund or repayment on any State or Federal financial aid and not be in default on a Federal student loan; and
5. Certify that he/she has never been convicted of any felonies (except Lottery Tuition Assistance) and has not been convicted of any second or subsequent alcohol and/or drug-related misdemeanors within the past academic year.

Palmetto Fellows Scholarship

The Palmetto Fellows Scholarship is a merit-based scholarship established in 1988 to recognize the most academically-talented high school seniors and encourage them to attend college in the state. The annual award amount for the freshman year is up to \$6,700. The award amounts for the sophomore, junior, and senior years are up to \$7,500 per year. Half of the scholarship is awarded in the fall term and half in the spring. The scholarship is applied toward the cost of attendance, less any other gift aid, at an eligible four-year institution in South Carolina. Assuming continued eligibility, Palmetto Fellows may receive scholarship funding for up to eight consecutive terms of full-time study toward the first bachelor's degree. Palmetto Fellows may receive up to 10 consecutive terms of full-time study toward the first CHE-approved five-year undergraduate program.

In addition, Palmetto Fellows cannot be recipients of the LIFE Scholarship, S.C. HOPE Scholarship, or Lottery Tuition Assistance in the same academic year.

There are two opportunities to apply for the scholarship during the student's graduating year, which is during the early (December 15th) or final (June 15th) deadline of the graduating year. Students must process the application through their high school guidance counselor. Application for the Palmetto Fellows Scholarship must be completed during the student's graduating year of high school. To be eligible for the scholarship, students must meet each criterion in one of the following sets of academic requirements:

1. Score at least 1200 on the SAT (27 on the ACT), earn a minimum 3.50 cumulative GPA on the S.C. Uniform Grading Policy (UGP), and rank in the top six percent of the sophomore, junior, or senior class;
OR
2. Score at least 1400 on the SAT (32 on the ACT) and earn a minimum 4.00 cumulative GPA on the S.C.UGP (class rank requirement waived).

To renew the Palmetto Fellows Scholarship each academic year, students must earn at least 30 credit hours for graduation purposes and earn a minimum 3.0 cumulative institutional GPA for graduation purposes at the current institution at which the student is seeking a degree.

Legislative Incentives for Future Excellence (LIFE) Scholarship

The LIFE Scholarship Program is a merit-based scholarship established in 1998. The scholarship is awarded annually to eligible students attending two- and four-year institutions in the state. Scholarship funds are awarded half in the fall term and half in the spring and must be applied toward the cost of attendance.

Students attending an eligible two-year or technical college may receive up to the cost of tuition and fees, plus a \$300 book allowance (total award not to exceed \$5,000), for a maximum of two consecutive terms toward a one-year program and up to four consecutive terms toward a two-year program (based on the date of initial college enrollment). Students attending an eligible four-year public or independent institution may receive up to \$4,700, plus a \$300 book allowance (total award not to exceed \$5,000), for a maximum of eight consecutive terms toward the first bachelor's degree or the first CHE-approved 3 + 2 program. For the first CHE-approved five-year undergraduate program, students may receive up to 10 consecutive terms of scholarship funding (maximum terms of funding based on the date of initial college enrollment).

To be eligible, students must be legal residents of South Carolina at the time of their high school graduation and college enrollment. In addition, LIFE Scholarship recipients cannot be recipients of the Palmetto Fellows Scholarship, S.C. HOPE Scholarship, or Lottery Tuition Assistance in the same academic year.

In order to qualify at a two-year or technical college, first-time entering freshman must earn a minimum 3.0 cumulative GPA based on the S.C. Uniform Grading Policy (UGP) upon high school graduation (test score and class rank requirements are waived).

In order to qualify at a four-year institution, first-time entering freshman must meet two of the following three criteria:

- (1) Earn a minimum 3.0 cumulative GPA on the S.C. UGP upon high school graduation
- (2) Score at least 1100 on the SAT (equivalent 24 on ACT) by the June test administration of high school graduation year
- (3) Rank in the top 30% of the high school graduating class based on the UGP

To renew (or earn) the LIFE Scholarship, students must earn an average of 30 credit hours by the end of the first year, 60 credit hours by the end of the second year, and 90 credit hours by the end of the third year for graduation purposes (based on the date of initial college enrollment) and earn a cumulative 3.0 "LIFE GPA" each academic year.

Enhancements for the LIFE Scholarship and Palmetto Fellows Scholarship

Scholarship recipients may be eligible to receive enhancement funds as early as the sophomore year for a maximum of six consecutive terms toward the first bachelor's degree or first CHE-approved 3 + 2 program. Scholarship enhancements are not available the first year of college enrollment.

To qualify for the LIFE Scholarship or Palmetto Fellows Scholarship Enhancement, a student must meet ALL eligibility requirements and be a recipient of the underlying scholarship. In addition, students must declare a major in an approved mathematics or science program at an eligible four-year institution in S.C.

Students must successfully complete at least 14 credit hours of instruction in mathematics **or** life and physical science **or** a combination of both by the end of the first academic year of college enrollment.

Palmetto Fellows may receive up to \$10,000 per year (combined funds from \$7,500 Palmetto Fellows Scholarship and \$2,500 enhancement). LIFE Scholarship recipients may receive up to \$7,500 per year (combined funds from \$5,000 LIFE Scholarship and \$2,500 enhancement). Scholarship and enhancement funds must be applied toward the cost of attendance.

S.C. HOPE Scholarship

The S.C. HOPE Scholarship is a merit-based scholarship established under the 2001 S.C. Education Lottery Act and implemented in fall 2002. The scholarship was created to provide funding for students attending an eligible four-year institution in S.C. who did not qualify for the LIFE or Palmetto Fellows Scholarship.

Students may receive up to \$2,500 plus a \$300 book allowance (total award not to exceed \$2,800) for the first two consecutive terms of college enrollment. Scholarship funds are applied toward the cost of attendance. In order to qualify, first-time entering freshman must earn a minimum 3.0 cumulative GPA on the S.C. Uniform Grading Policy (UGP) upon high school graduation.

Funding for this program is dependent upon lottery proceeds. S.C. HOPE Scholarship recipients cannot be recipients of the LIFE Scholarship, Palmetto Fellows Scholarship, or Lottery Tuition Assistance in the same academic year.

Since the S.C. HOPE Scholarship is for the freshman year only, students may qualify for the LIFE scholarship beginning with their sophomore year. They must meet the eligibility requirements for earning the LIFE Scholarship.

S.C. Need-based Grant

At S.C. public institutions, eligible degree-seeking students may receive up to \$2,500 annually if enrolled full-time and up to \$1,250 annually if enrolled part-time. Students may receive Need-based Grant funding for up to two academic terms each academic year which may be awarded in any combination of fall, spring, or summer terms. The Need-based Grant is an annual award that must be applied toward the cost of attendance and disbursed half in the first semester and half in the second semester. To be eligible for grant funds, students must file the Free Application for Federal Student Aid (FAFSA) and be enrolled in at least six credit hours for the term and enrolled in their first one-year program, first associate's degree, first two-year program leading to a baccalaureate degree, first baccalaureate degree, or first professional degree. Assuming continued eligibility, students may receive up to eight full-time equivalent terms. Based on the institution's level of Need-based Grant funding, the student's financial aid office determines the exact award amount, after considering any other scholarship or federal aid received.

To renew the Need-based Grant, students must complete a FAFSA each year, earn the requisite number of credit hours based upon their enrollment status during the term(s) grant funds were awarded and earn at least a cumulative 2.0 GPA for graduation purposes by the end of the academic year.

Lottery Tuition Assistance

The Lottery Tuition Assistance Program was established in 2001 under the S.C. Education Lottery Act and implemented fall 2002. Lottery Tuition Assistance is available at eligible two-year institutions in the state. Exact award amounts are contingent upon the number of eligible students and funding available from lottery proceeds. Before calculating the award amount, all federal grants and the S.C. Need-based Grant must be applied. Lottery Tuition Assistance funds can only be used for payment of the cost of tuition and mandatory fees.

Each academic year, S.C. residents must file the Free Application for Federal Student Aid (FAFSA) or the FAFSA Waiver form. In addition, students must be enrolled as degree-seeking in at least six credit hours for the term. Recipients of Lottery Tuition Assistance cannot receive nor be eligible to receive the S.C. HOPE, LIFE, or Palmetto Fellows Scholarship in the same academic year.

To renew Lottery Tuition Assistance, students must meet satisfactory academic progress established by the institution for the purposes of complying with Title IV regulations.

Note: Fall data reported by all institutions in the fall term

Note: The General Assembly passed legislation effective beginning fall 2007 to provide scholarship enhancements starting in the sophomore year to Palmetto Fellows & LIFE recipients at a four year institution who are majoring in eligible math/science/engineering/health care related areas. For LIFE students the enhancement provides up to an additional \$2500 annually. The award for Palmetto Fellows recipients in one of the eligible math/science/engineering/health care related majors beginning in the sophomore year provides up to \$3300 per year. For those Palmetto Fellows students who are not in one of the eligible majors, up to \$800 annually is available beginning in the sophomore year.

* Colleges are not eligible for Palmetto Fellows Scholarships. The students are also not eligible to receive enhanced awards for LIFE scholarships.

**For-Profit Degree-Granting Institution

Tuition and Required Fees

For the purposes of the data in this section, the Integrated Postsecondary Education Data System (IPEDS) definition of “tuition and required fees” is used. IPEDS defines the term as: “Tuition is an amount of money charged to students for instructional services. Required fees are fixed sums charged to students for items not covered by tuition and required of such a large percentage of students that the student who does **not** pay the charge is an exception.” It is important to note that institutions may assess special user fees. For example, students may be assessed a fee for enrolling in a particular course or academic program.

Institutions use these revenues to support their missions in the areas of: instruction, research, public service, libraries, student services, physical plant (facilities) operation and maintenance, and administration. State funds are also provided to support the portion of these costs associated with the education of in-state students.

Financial Appropriations

Revenue derived from state appropriations is combined with tuition and fees; grants, contracts, and gifts; and in part by sales and service to fund the Educational and General (E&G) activities of our public colleges and universities. The tables on the following pages reflect a consistent pattern of decreasing state support for higher education as a percent of State General Fund Revenue. With this decline, there has been a shift to greater reliance on tuition and fees and other non-state revenue.

The following pages give a brief overview of the appropriations provided in support of E&G costs at our public colleges and universities as well as funding provided through the South Carolina Education Lottery for operations and funding provided through a combination of appropriated, lottery, and other funding in support of merit-based scholarships (Palmetto Fellows, LIFE, and HOPE), Lottery Tuition Assistance (LTA) to two-year institutions, and need-based aid.

Source: Office of State Budget, Historical Analysis Report, <http://www.budget.sc.gov/OSB-historical.phtm>, updated 1/9/2014

NOTE: The Education Lottery began operating in January of 2002 and FY 2001-02 receipts were first appropriated in FY 2002-03. As shown above for higher education, lottery appropriations include lottery appropriations, certified unclaimed lottery prize funds, realized excess unclaimed lottery prize funds, and any surplus allocations to fully fund merit scholarships. Programs listed above may receive additional state funding from other sources (e.g., LIFE, Palmetto Fellows, Tuition Grants, and SC State also receive State General Fund Appropriations).

*FY 2013-14 is pending year end. Uncertified excess unclaimed prize funds or surplus allocations are not shown.

¹ FY 2010-11 appropriation includes \$5,809,819 from excess unclaimed prizes and \$3,054,735 in surplus lottery funds to fully fund scholarships.

<i>portion from other funds</i>	\$1,500,000 ⁽⁶⁾				

NOTE: The appropriations, except as noted, represent only initial program funds as provided per the Appropriations Act. State General Funds and Lottery Funds are included, as are other funds, such as Barnwell Nuclear Waste Facility revenues appropriated for the Education Endowment. The Education Endowment for higher education is required statutorily, per §48-46-40(F), to be funded at \$24 million annually should Barnwell revenues not be sufficient. As of FY 2011-12, the Education Endowment for higher education is funded wholly with State General Funds, and these funds are split equally, per §59-140-30, between Palmetto Fellows and Need-based Grant programs.

Student financial aid incentive programs for SC National Guard members are not reflected here. As of 2007, a college assistance program was made available to Guard members in lieu of a prior loan repayment program for Guard members. The loan repayment program is being phased out as of 2007 and was closed to new participants with the passage of the SC National Guard College Tuition Assistance Program (SCNG CAP). As the loan program was phased out, unallocated appropriations from the loan program were made available for SCNG CAP. Initial appropriations for the SCNG CAP program were approximately \$1.7 million in lottery funds in FY 2012-13, and with the depletion of availability of funds from the former loan repayment program, the SCNG CAP initial appropriations in FY 2013-14 have been increased to just over \$4.5 million.

* Beginning year appropriations and additional funds may be appropriated for the open-ended programs (Footnote 1). Merit programs have been fully funded to date with regard to anticipated program needs.

- ⁽¹⁾ For the Palmetto Fellows and LIFE programs, additional amounts above initial appropriations may be provided since these are "open-ended" programs and qualified students are provided the awards. For Palmetto Fellows and LIFE, the General Assembly passed legislation effective FY 2008-09 that provided additional stipends beginning in the sophomore year to recipients of Palmetto Fellows and LIFE who are majoring in identified math, science, engineering and health-related majors and increased the amount of the Palmetto Fellows award beginning in the second year for all recipients.
- ⁽²⁾ HOPE and Lottery Tuition Assistance for two-year Institutions began with the implementation of the Education Lottery in 2002.
- ⁽³⁾ For CHE Need-based Grants program a statutory provision requires that a portion of the available Need-based Grant funds each year must be allocated to independent institutions based on their share of full-time, in-state undergraduate enrollment in the prior fall. In fall 2012, the percentage enrollment share for the independent institutions was approximately 16%. See also note 4 regarding Tuition Grants.
- ⁽⁴⁾ Tuition Grants is a program managed by the SC Tuition Grants Commission and provides need-based grants to qualified students at SC's Independent Colleges and Universities. Funds shown reflect the portion appropriated to the SC Tuition Grants Commission for grants. In addition to the allocations shown here under for Tuition Grants, the program also receives by statute a share of funds appropriated to the Need-based Grant program (Footnote 3).
- ⁽⁵⁾ FY 2010-11 includes appropriations from excess unclaimed Education Lottery prize funds \$5,809,819 and surplus lottery funds of
- ⁽⁶⁾ Other funds include non-recurring appropriations provided pursuant to FY 2009-10 Part 1B provisos 90.19 and 90.21
- ⁽⁷⁾ For FY 2012-13, amount inclusive of additional funds appropriated from FY 2011-12 lottery surplus including \$4 million for Need-Based Grants and \$1.5 million for S.C. Tuition Grants.

Source: Data are from appropriation acts and www.budget.sc.gov for balance of excess unclaimed prize funds at year-end.

rev. 12-23-2013

Note 1: Mission Resource Requirement (MRR) Column (a) displays the calculated MRR for each institution. The MRR is a formula used to estimate an equitable distribution of operating needs for the state's 33 public colleges and universities and the recommended share of State support based on in-state enrollment. In its simplest form, the MRR is calculated as the total educational and general (E&G) operating costs of an institution, reduced by the student's share, resulting in the portion recommended to be funded by the state for in-state students.

The MRR considers enrollment and program mix at institutions and calculates costs in the following areas: instruction, research, public service, libraries, student services, physical plant, and administration. The costs for each category (which are derived based on peer, regional, and national data sources) are summed to produce a total recommended E&G operating need. Of that need, recommended State support (column #1 above) is then determined reducing the total calculated operating need by a portion of the in-state students share and 100% of the out-of-state students share (i.e. tuition and fees).

Note 2: Includes funds appropriated from one-time or non-recurring sources. For USC Sumter, non-recurring funds of \$78,750 were appropriated in Part 1A but designated as non-recurring in the Appropriations Act.

Note 3: Non-operating appropriations are included in appropriate columns and subtracted from totals. Included are: 1) MUSC - MUSC Hospital Authority - \$4M recurring and \$5.4M non-recurring; 2) Coastal Carolina - Science Center - \$1.5M; 3) Coll. of Charleston - Science Center - \$2M; 4) Francis Marion - Health Sciences Bldg - \$1.75M CRF and \$3.25M Lottery; 5) SC State - African American Loan Program - \$87,924; and 6) Technical Colleges - Various Projects including ATC - Academic Building Support - \$640K, CCTC - Adv. Mfg. Tech. Training Facility - \$3.5M, DTC - Science Building - \$435,750, HGTC - Culinary Arts Bldg. - \$2,435,750, MTC - Quick Jobs Program Equip - \$1.5M, PTC - Laurens Adv. Mfg. Ctr. - \$909K, SCC - Academic Student Ctr. - \$840K, TCTC - Workforce & Econ. Dev. Ctr. - \$2.75M, TTC - Infrastructure & Info. Tech. - \$435,750, and YTC - Health & Safety Traffic Flow - \$640K.

Note 4: SC Area Health Education Consortium (AHEC) is not reflected in the analysis. AHEC received Part 1A state base appropriations, inclusive of B&CB/Pay/Health Plan Allocation, totalling \$9,622,989 and received \$0 non-recurring funds.

Note 5: Data reflect the parity issue with respect to state funding. Parity results when all colleges are funded at equal shares of the MRR identified need.

Column #1 displays the calculated MRR for each institution. The MRR is a formula used to estimate an equitable distribution of operating needs for the state's 33 public colleges and universities and the recommended share of State support based on in-state enrollment. In its simplest form, the MRR is calculated as the total educational and general (E&G) operating costs of an institution, reduced by the student's share, resulting in the portion recommended to be funded by the state for in-state students.

The MRR considers enrollment and program mix at institutions and calculates costs in the following areas: instruction, research, public service, libraries, student services, physical plant, and administration. The costs for each category (which are derived based on peer, regional, and national data sources) are summed to produce a total recommended E&G operating need. Of that need, recommended State support (column #1 above) is then determined reducing the total calculated operating need by a portion of the in-state students share and 100% of the out-of-state students share (i.e. tuition and fees).

Parity Funding Issue

The South Carolina higher education community has been dealing with a parity issue since the early 1990's. Parity refers to the desire to have all of the state's public institutions funded at the same level relative to the state need calculated by the MRR. Ideally, each institution would be funded by the state at 100% of its recommended MRR. However, as illustrated by the percentages displayed above, institutions are funded at various levels. The broadening disparity is primarily a product of increased credit hour production created by increased in-state student enrollments, differences in disciplines (majors) and differences in student level (Baccalaureate, Masters, & Doctoral). These factors yield an increasing need for state support. However, state support has remained virtually flat or has declined. The result is disparities in the level of state support among our public institutions. For the purpose of this analysis, operating funding includes state appropriations from recurring and non-recurring sources provided to institutions to meet educational and general operating needs.

*CHE web link for the FY 12-13 MRR:

<http://www.che.sc.gov/InstitutionsEducators/Funding/FundingInformationandMRR.aspx>. The MRR for FY-13-14 MRR is currently not available. Once completed, it will be posted on the same web page as the FY 12-13 MRR.

Facilities

Colleges and universities conduct a wide range of activities in pursuit of their missions as institutions of higher education. The facilities in which these activities take place are a vital, yet often overlooked aspect of the cost of providing postsecondary education. Institutions must have the necessary space to conduct instruction, research, student support, administration, and service activities. Likewise, facilities must be modern, adequate, and safe. Research has shown that campus facilities play an important role in the recruitment and retention of students. In addition, modern physical resources can also provide opportunities for advancement in academic programs, research, and public service.

Institutions are responsible for the effective allocation and utilization of their campus facilities. National and state standards and guidelines have been established to assist in this area. The degree and manner in which each institution fulfills its functions depends in large measure on its campus master plan, strategic goals, size, and availability of resources. Outside factors also influence the ability of institutions to meet the demands of their facilities. These factors include the availability of capital funding; changes and increases in standards, codes, and approval requirements; and increasing costs of operation and maintenance.

*Institutional Priority

Faculty in Higher Education

Faculty are pivotal resources around which postsecondary education revolves. They determine curriculum content, student performance standards, and quality of students' preparation for careers. Faculty members perform research and development work which can advance this nation's technological and economic well-being. Through their public service activities, they also contribute to the public good.

Faculty may hold academic rank of professor, associate professor, assistant professor, instructor, or lecturer. Faculty may also include the chancellor/president, provost, vice provosts, deans, directors or the equivalent, as well as associate deans, assistant deans and executive officers of academic departments if their principal activity is instruction combined with research and/or public service. The designation as "faculty" is separate from the activities to which they may be currently assigned. For example, a newly appointed president of an institution may also be appointed as a faculty member. Graduate and research assistants are not included as faculty.

Faculty salaries are reported according to CUPA definitions. Ranked Faculty only (Excludes lecturers/other, and graduate teaching assistants). Includes 11/12 month contracts converted to 9-month basis (.818 conversion factor). Faculty includes those members of Instruction/Research Staff who are employed full-time and whose major regular assignment is instruction, including those with release time for research.

*Salaries for Clinical & Basic Medicine are reported on a 12-Month Contract basis.

**Due to privacy of individuals, this number is too small to report.

See Appendix 6 for explanation of changes in the categories for race/ethnicity reporting.

Prior to 2009-2010, institutions did not report Hawaiian/Pacific Islander or Two or More Races classifications causing those classifications to have a zero value in prior years.

Appendix 1

Types of Public Institutions in South Carolina by Mission

Changes to the SC State Code of Laws, 1976, as amended, arising from Act 359 of 1996, set forth the missions of public higher education, as well as for each type of public institution in the state (Sections 59-103-15 (A) and 59-103-15(B)). The missions are excerpted and printed below.

Mission Identified for Higher Education in South Carolina:

The General Assembly determined that the mission for higher education is to be a global leader in providing a coordinated, comprehensive system of excellence in education by providing instruction, research, and life-long learning opportunities which are focused on economic development and benefit the State of South Carolina.

Goals to be achieved through this mission include: high academic quality; affordable and accessible education; instructional excellence; coordination and cooperation with public education; and cooperation among the General Assembly, Commission on Higher Education, Council of Presidents of State Institutions, institutions of higher learning, and the business community; economic growth; and clearly defined missions.

Missions Identified for Each Sector of Public SC Higher Education:

Research Institutions

- college-level baccalaureate education, master's, professional, and doctor of philosophy degrees which lead to continued education or employment
- research through the use of government, corporate, non-profit organization grants, or state resources; or both
- public service to the State and the local community

Four-year Colleges and Universities (Comprehensive Teaching Institutions)

- college level baccalaureate education and selected master's degrees which lead to employment or continued education, or both, except for doctoral degrees currently being offered
- doctoral degree in Marine Science approved by CHE*
- limited and specialized research
- public service to the State and the local community

Two Year Regional Campuses of USC

- college level pre-baccalaureate education necessary to confer associate's degrees which lead to continued education at a four-year or research institution
- public service to the State and the local community

State Board for Technical and Comprehensive Education System

- all postsecondary vocational, technical, and occupational diploma and associate degree programs leading directly to employment or maintenance of employment and associate degree programs which enable students to gain access to other postsecondary education
- up-to-date and appropriate occupational and technical training for adults
- special school programs that provide training for prospective employees and existing industry in order to enhance the economic development of South Carolina
- public service to the State and the local community
- continue to remain technical, vocational, or occupational colleges with a mission as stated (in this section for *State Board for Technical and Comprehensive Education System*) and primarily focused on technical education and the economic development of the State

*2012 Act No. 213, Section 1, eff June 7, 2012

Appendix 5

Glossary

Academic Support – Funds to provide support services for an institution's primary missions – instruction, research, and public service.

Accessible Area – An indication that a room can be approached, entered, and used without assistance by a mobility-impaired person. The United States Department of Education Section 504 Subpart C regulation states “no qualified individual with a disability shall be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity because a recipient’s facilities are inaccessible to, or unusable by, persons with disabilities.”

American Indian or Alaskan Native - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Application Fee – The amount of money that an institution charges for processing a student’s application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Asian or Pacific Islander – A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This definition includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.

Asian - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Assignable Area – The sum of all areas on all floors of a building assigned to, or available for assignment to, an occupant or use, excluding spaces defined as building service, circulation, mechanical, and structural areas.

Associate’s Degree – An award that normally requires at least two, but less than four, years of full-time equivalent college work.

Auxiliary Enterprises – Activities that exist to furnish goods or services to students, faculty, or staff, and that charge a fee directly related to, although not necessarily equal to, the cost of the goods or services are included in auxiliary enterprises. These entities are classified as self-supporting.

Bachelor’s Degree – An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least four, but NOT more than five, years of full-time equivalent college-level work. This definition includes bachelor’s degrees conferred in a five-year cooperative (work-study plan) program.

Black/African American - A person having origins in any of the black racial groups of Africa.

Board Charges – Charges assessed students for an academic year for meals.

Books and Supplies – The average cost of books and supplies for a typical student for an entire academic year (or program). Does not include unusual costs for special groups of students (e.g., engineering or art majors), unless they constitute the majority of students at an institution.

Certificate – A formal award certifying the satisfactory completion of a postsecondary education program.

Appendix 5

Glossary (continued)

Classification of Instructional Programs (CIP) – A numerical classification and standard terminology for secondary and postsecondary instructional programs provided by National Center of Education Statistics (NCES).

Cohort – A specific group of students established for tracking purposes.

Credit Course – A course that, if successfully completed, can be applied toward the number of courses required for achieving a degree, diploma, certificate, or other formal award.

Credit Hour – A unit of measure that represents the equivalent of an hour (50 minutes) of instruction that can be applied to the total number of hours needed for completing the requirements of a degree, diploma, certificate or other formal award.

Debt Service – The amount set aside annually in a fund to pay the interest and the part of the principal due on the Institution's bond and note debt.

Dedicated Fees – Fees committed for a specific use of the funds collected. These funds may be carried forward year to year.

Degree – An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of study.

Degree/Certificate-Seeking Students – Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this classification is intended to include students enrolled in vocational or occupational programs.

Diploma – A formal document certifying the successful completion of a prescribed program of study.

Doctor's Degree – The highest award a student can earn for graduate study. The doctor's degree classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology.

Doctor's degree - other – A doctor's degree that does not meet the definition of a doctor's degree - research/scholarship or a doctor's degree - professional practice.

Doctor's degree - professional practice – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as "*first-professional*" and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or, Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution.

Doctor's degree - research/scholarship – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M, and others, as designated by the awarding institution.

Appendix 5

Glossary (continued)

Dormitory Capacity – The maximum number of students for which the institution can provide dormitory housing facilities, whether on or off campus.

Educational and General (E&G) – The educational and general operations of an institution, including instruction, research, public service, academic support, student services, institutional support, operation and maintenance of physical plant, etc.

First-Professional Degree – An award that requires completion of a program that meets all of the following criteria: (1) completion of the academic requirements to begin practice in the profession; (2) at least two years of college work prior to entering the program; and (3) a total of at least six academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself. First-professional degrees may be awarded in the following ten fields: Chiropractic, Dentistry, Law, Medicine, Optometry, Osteopathic Medicine, Pharmacy, Podiatry, Theology, and Veterinary Medicine. ***NOTE: The National Center for Education Statistics (NCES) has eliminated this degree category and required all institutions to reclassify the above first-professional degrees into the Doctor's degree classification. See Doctor's degree for additional information.***

First-Time Freshman – An entering freshman who has never attended a college (or other postsecondary institution). Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).

Full-Time Equivalent (FTE) Student Enrollment – Calculated as fifteen (15) credit hours per semester for an undergraduate student, twelve (12) credit hours per semester for a graduate level 1 (master's) student, and nine (9) credit hours per semester for graduate level 2 (doctoral) students. First professional pharmacy hours are fifteen (15) credit hours per semester and first professional law are fourteen (14) credit hours per semester. Medicine and Dentistry use the headcount rather than credit hours.

Full-time student - Undergraduate: A student enrolled for 12 or more semester credits , or 12 or more quarter credits, or 24 or more contact hours a week each term. Graduate: A student enrolled for 9 or more semester credits, or 9 or more quarter credits, or a student involved in thesis or dissertation preparation that is considered full time by the institution. Doctor's degree - Professional practice_- as defined by the institution.

Geo-Origin – The first reported Geographic origin of the student enrolling in a South Carolina institution. If unknown is reported, totals are included in Geo-Origin Non-S.C.

Graduate Student – A student taking courses offered for credit toward a master's or doctoral degree.

Graduation Rate – The rate required for disclosure and/or reporting purposes under Student Right-to-Know. This rate is calculated as the total number of completers within 150% of normal time divided by the revised cohort minus any allowable exclusions.

Hispanic – A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

Hospitals – Activities associated with the patient care operations of a hospital. This category does not include instructional activities which may take place in the hospital but which are more appropriately categorized in the instruction program.

In-District Student – A student who is a legal resident of the locality in which he/she attends school and thus is entitled to reduced tuition charges if offered by the institution.

Appendix 5

Glossary (continued)

In-State Student – A student who is a legal resident of the state in which he/she attends school. (S.C. uses geo-origin. See definition for geo-origin.)

Independent Operations – Institutional activities that are owned by or controlled by the institution but that are independent of or unrelated to the institution's mission.

Institutional Support – Activities carried out to provide for both the day-to-day functioning and the long-range viability of the institution as an operating organization. The ultimate goal of the institutional support program is to provide for the institution's organizational effectiveness and continuity.

Instruction – Activities carried out for the express purpose of eliciting a measure of educational change in a learner or group of learners.

Lower Division – Courses at the freshman and sophomore levels of college work, available at the two-year institutions as well as the four-year institutions.

Master's Degree – An award that requires the successful completion of a program of study of at least the full-time equivalent of one, but not more than two, academic years of work beyond the bachelor's degree.

Native Hawaiian or Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Nonresident Alien – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

Out-of-State Student – A student who is not a legal resident of the state in which he/she attends school. (S.C. uses geo-origin. See definition for geo-origin.)

Physical Plant Operations – Activities related to maintaining existing facilities and grounds, providing utility services, and planning and designing future plant expansions and modifications.

Public Service – Activities established to make available to the public the various resources and capabilities of the institution for the specific purpose of responding to a community need or solving a community problem.

Race/ethnicity Unknown – This category is used ONLY if the student did not select a racial/ethnic designation, and the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

Required Fees – Fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does NOT pay is an exception.

Research – Any activity intended to produce one or more research outcomes – including the creation of knowledge, the organization of knowledge, and the application of knowledge. A research activity may be conducted with institutional funds or under the terms of an agreement with an agency external to the institution.

Room Charges – The charges for an academic year for rooming accommodations for a typical student sharing a room with one other student.

Appendix 5

Glossary (continued)

Room Hours of Instruction – The number of hours each week that a classroom is used for regularly scheduled classes.

Space Factor Calculation – A very useful calculation for facilities planners, in that it combines into a single factor the concepts of weekly room hours, percent student station utilization, and assignable square feet per student station. The lower the space factor, the more effectively the space is being utilized for instructional purposes. The calculation is: average student station size (SF per student station) divided by average week room hours of instruction multiplied by station utilization percentage.

Specialist Degree – An award that requires the completion of an organized program of study that awards the specialist degree (beyond Master's), but does not meet the requirements of academic degree at the doctor's level.

Student Services – Activities that contribute to the emotional and physical well-being of the students, as well as to their intellectual, cultural, and social development outside of the context of the institution's formal instruction program.

Student Station – A desk, table/chair, theatre seating, etc., used by a student in a classroom or class laboratory.

Success Rate - The Graduation Rate Survey (GRS) defines the cohort of students to be included each year as the first-time, full-time, degree-seeking students entering an institution each fall. The GRS rate is calculated on the percentage of a cohort graduating within 150% of normal program time. The Success Rate, in addition to the graduates, includes those students who as of 150% of program time have transferred to another institution or those students who have continued to be enrolled the term following 150% of program time. This is often referred to as the "GRS Rate Plus."

Transfer Student – A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). The student may transfer with or without credit.

Tuition – The amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit.

Two or More Races – A student selects more than one race category.

Undergraduate Student – A student enrolled in a four- or five-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate.

Upper Division – The courses students are generally expected to complete during the junior and senior years of a typical baccalaureate degree program and often require completion of prerequisite courses.

White - A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Appendix 6

Explanations and Changes in the Categories for Race/Ethnicity Reporting

Note: New Definitions and reporting requirements to the federal government for race and ethnicity have been adopted in accordance with the final guidance issued by the U.S. Department of Education on October 19, 2007. These changes are necessary to implement the US Office of Management and Budget's (OMB) 1997 Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity. For more details on the changes, please see the following web site:

<http://nces.ed.gov/ipeds/reic/resource.asp>.

Under the new guidelines, individuals may select an ethnicity and one or more races. The ethnicity choice is between Hispanic and not Hispanic. Hispanic is defined as a person of Cuban, Mexican, Puerto Rican, South or Central American, or Spanish culture or origin, regardless of race. To match Federal reporting guidelines, all who select Hispanic will be reported under this category and non-Hispanic individuals who select more than one race will be reported in the category titled Two or More Races. Those individuals who select non-Hispanic and a single race will be reported under the single race.

- Under the new guidelines, all individuals who select Hispanic as their ethnicity will be reported here regardless of the race or races selected.
- The new definition separates Asian, Native Hawaiian, and Other Pacific Islander. During the next few years as we transition between the old and new definitions, the data reported under the old definition of Asian or Pacific Islander will be included under Asian so that a mapping of the data from old definitions to new definitions can occur.
- Non-Hispanics who select more than one race will be reported under the label Two or More Races.
