Statutory Authority: 1976 Code Sections 59-149-10 et seq.

62-1200.1 - 62-1200.75. Legislative Incentives for Future Excellence (LIFE) Scholarship Program and Legislative Incentives for Future Excellence (LIFE) Scholarship Enhancement.

Synopsis:

The South Carolina Commission on Higher Education proposes the following revisions to Chapter 62 regulation, R.62-1200.1 through 62-1200.75, LIFE Scholarship Program. Revisions to the existing regulation for the LIFE Scholarship & LIFE Scholarship Enhancement Program are being considered to clarify the policies and procedures for administrating the program. In the proposed amendments, regulation is being update to reflect the passage of Act 36 of 2021, allowing for the awarding of LIFE Scholarship to students in approved Associate’s Degree programs. In addition, language is being added to ensure that students are allowed the same amount of time in high school to earn the scholarship, but allows for certain exceptions. Lastly, other changes to the regulation include updating of definitions and minor language changes to promote consistency

The proposed regulation will require legislative review.

A Notice of Drafting was published in the *State Register* on April 23, 2021.

62-1200.1. Purpose of the LIFE Scholarship Program.

Pursuant to Act 418, which was initially established in 1998 as Title 59 of the 1976 code and amended by Act 162 during the 2005 legislative session, the Commission on Higher Education shall promulgate regulation and establish procedures for administration of the LIFE Scholarship Program. The General Assembly established the LIFE Scholarship Program in order to increase the access to higher education, improve the employability of South Carolina's students so as to attract business to the State, provide incentives for students to be better prepared for college, and to encourage students to graduate from college on time.

With Act 115, which was established in 2007 as Title 59 of the 1976 code during the 2007 legislative session, the General Assembly established the LIFE Scholarship Enhancement in order to increase the number of students in the State majoring in mathematics and science and to increase the access to higher education, improve the employability of South Carolina's students so as to attract business to the State, provide incentives for students to be better prepared for college, and to encourage students to graduate from college on time. Students enrolled at two-year institutions are not eligible to receive a LIFE Scholarship Enhancement. In order to receive a LIFE Scholarship Enhancement, all students must qualify for the LIFE Scholarship as stipulated herein.

Independent and public institutions of higher learning in this, or any other state in the U.S., outside the U.S. or abroad, are prohibited from using the Legislative Incentive for Future Excellence or "LIFE" Scholarship in programs that promote financial aid incentives or packages. Any mention of the Legislative Incentive for Future Excellence or "LIFE" Scholarship in these financial aid packages must indicate the scholarship to be separate from the University that is offering the financial aid package, and reference the Legislative Incentive for Future Excellence or "LIFE" Scholarship as a separate financial aid award, provided to the student by the State of South Carolina.

All eligible independent and public institutions that participate in the program must verify the lawful presence of any student who receives a LIFE Scholarship and LIFE Scholarship Enhancement prior to awarding the Scholarship to the student. When verifying the lawful presence of an individual, institutional personnel shall not attempt to independently verify the immigration status of any alien, but shall verify any alien's immigration status with the federal government pursuant to 8 USC Section 1373(c).

62-1200.5. Program Definitions.

A. "Academic year" is defined as the twelve month period during which a full-time student is expected to earn thirty credit hours. The period of time used to measure the academic year will consist of the fall, spring and summer terms (or its equivalent).

B. A student who has earned a GED diploma or SC High School Diploma through Adult Education without a cumulative GPA may be eligible to earn the LIFE Scholarship at the end of the first academic year of a non-GED program. The student must meet the annual credit hour requirement (or equivalent) and a 3.0 "LIFE GPA" at the end of the first academic year. To qualify for subsequent years, the student must meet all eligibility requirements as stated in Section 62-1200.15., Continued Eligibility section of the LIFE Scholarship and LIFE Scholarship Enhancement.

C. An "approved five-year bachelor's degree program" shall mean a five-year bachelor's program as defined and approved by the Commission on Higher Education to receive the LIFE Scholarship for a maximum of ten terms at the same eligible institution in order to complete the requirements for a bachelor's degree. An approved five-year bachelor's degree program does not include inter-institutional and cooperative "3+2" programs (normally in a science degree field and an engineering program).

D. “Annual credit hour requirement” shall be defined as an average of thirty (30) credit hours earned at the end of the academic year based on initial college enrollment at all eligible institutions attended, excluding hours for remedial, continuing education, and non-degree coursework. Credit hours earned before high school graduation, including Advanced Placement (AP) credit hours, International Baccalaureate (IB) credit hours, exempted credit hours as well as credit hours earned on active duty, must be placed on the student’s official college transcript by the institution at which they are earned, and must be counted toward the annual credit hour requirement. Eligible LIFE Scholarship recipients may prorate their award amount for the term of graduation (see section 62-1200.10.P.).

E. “Associate’s degree program” is defined as a two-year technical or occupational program, at least a two-year program that is acceptable for full credit towards a bachelor’s degree as defined by the U.S. Department of Education.

F. “Attempted credit hours” shall be defined as courses in which a student earns a grade and is included in the grade point calculation for that institution. Eligible credit hours that do not transfer must also be included. Credit hours earned through dual-enrollment prior to high school graduation must be included in the LIFE GPA. Exempted credit hours, Advanced Placement (AP), International Baccalaureate (IB), College Level Examination Program (CLEP), remedial/developmental courses, non-degree credit courses for an associate’s degree or higher, Pass/Fail, Satisfactory/Unsatisfactory and non-penalty withdrawal credit hours are excluded from the “attempted credit hours.” If a student transfers, refer to the institution’s grading policy where the credit hours were earned. and leads to a graduate degree. Upon completion of the first one-year certificate, first two-year program or associate's degree, first approved associate's degree program that requires a minimum of 68 credit hours, or first bachelor's or program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, the student cannot use scholarship funds to pursue a program in the same or preceding level. Students are eligible to receive the Scholarship for a maximum of eight terms (or its equivalent) towards an undergraduate degree, as long as all other eligibility requirements are met and the program is approved by the Commission on Higher Education. Students must be enrolled in an undergraduate degree program in order to receive a LIFE Scholarship and a LIFE Scholarship Enhancement each academic term. In cases where students are enrolled in a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, which will be the students' first academic degree awarded, the students must maintain their undergraduate status to be awarded the LIFE Scholarship and the LIFE Scholarship Enhancement, with the exception of students declaring a major in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia, and the Doctor of Pharmacy Program at the Medical University of South Carolina. Students who have been awarded a bachelor's degree or graduate degree are not eligible to be awarded a LIFE Scholarship or a LIFE Scholarship Enhancement. Students enrolled in a CHE approved five-year bachelor's degree program may be eligible to receive a LIFE Scholarship for a fifth year of full-time, undergraduate work and a LIFE Scholarship Enhancement for a fourth year of full-time undergraduate coursework.

N. "Eligible institution" shall be defined, solely for the purposes of the annual credit hour requirement and the LIFE GPA calculation, as an accredited public or independent postsecondary, degree-granting institution located in-state or out-of-state. The institution must be accredited by an agency recognized by the U.S. Department of Education for participation in federally funded financial aid programs. This list may be found on the US Department of Education's website.

O. "Eligible program of study" is defined as a program of study leading to: 1) at least a one-year educational program that leads to a first certificate or other recognized educational credential (e.g., diploma); 2) the first associate's degree; 3) at least a two-year program that is acceptable for full credit towards a bachelor's degree; 4) the first bachelor's degree; or 5) a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree. Students are eligible to receive the LIFE Scholarship for a maximum of eight terms (or its equivalent) towards an undergraduate degree as long as all eligibility requirements are met and the program is approved by the Commission on Higher Education. Students who have been awarded a bachelor's or graduate degree are not eligible for Scholarship or Enhancement funding. Students enrolled in an approved associate's degree program that requires a minimum of 68 credit hours may be eligible to receive a LIFE Scholarship for a maximum of six consecutive semesters at an eligible two-year institution. Students enrolled in an approved five-year degree program may be eligible to receive a LIFE Scholarship for a fifth year of full-time, undergraduate work and a LIFE Scholarship Enhancement for a fourth year of full-time undergraduate coursework. (see Section 62-1200.20 (C))

These programs shall include science and mathematics disciplines, computer science or informational technology, engineering, science education, math education and health care and related disciplines including medicine and dentistry as defined by the Commission on Higher Education. Enrollment in a minor does not meet the requirement of an eligible degree program for a LIFE Scholarship Enhancement. The terms of eligibility and the annual credit hour requirement are based upon initial college enrollment and continuous enrollment. This means that students must adhere to the 30 credit hour requirement even if they have a break in enrollment. Any break in enrollment (excluding summer) will also count against the terms of eligibility.

BB. “LIFE GPA” shall be defined as the cumulative grade point average calculation that includes credit hours and grades earned at all eligible institutions based on a 4.0 scale. When the student completes the fourth year of enrollment, credit hours are transferred back to the initial institution, which confers the first baccalaureate degree (e.g.,

physics) using articulated credits from the second institution. At the end of the second year of enrollment at the second institution, the student receives the second baccalaureate degree (e.g., engineering). 3 plus 2 programs for the purposes of receiving the LIFE Scholarship Enhancement shall be defined and approved by the SC Commission on Higher Education. TT. "Lawful Presence" is defined as individuals who are US citizens, permanent residents, or non-US citizens and non-permanent residents who are legally present in the US. When verifying the lawful presence of an individual, institutional personnel shall not attempt to independently verify the immigration status of any alien, but shall verify any alien's immigration status with the federal government pursuant to 8 USC Section 1373(c).

UU. "Continuously enrolled" is defined as enrollment without an interruption that would require the student to pursue a formal process of readmission to that institution. Formal petitions or applications for change of degree level shall be considered readmissions. Students who attend summer terms or are selected for military mobilization are considered continuously enrolled. Students who are enrolled in internships, cooperative work programs, travel study programs, or National or International Exchange Programs that are approved by the home institution are considered continuously enrolled.

VV. An "approved associate's degree program that requires a minimum of 68 credit hours" shall mean an associate's degree program as approved by the Commission on Higher Education that requires a minimum of 68 earned credit hours to complete the degree at an eligible two-year institution. A student initially enrolling in an approved associate's degree program that requires a minimum of 68 credit hours may receive a maximum of six consecutive terms of LIFE Scholarship funding.

62-1200.10. Student Eligibility: LIFE Scholarship and LIFE Scholarship Enhancement.

A. To be eligible for a LIFE Scholarship, students must:

1. Be a U.S. citizen or a legal permanent resident that meets the definition of an eligible non-citizen under State Residency Statutes at the time of high school graduation, whose lawful presence has been verified at the time of enrollment at the institution; and

2. Be classified by the awarding institution as a South Carolina resident for in-state purposes at the time of high school graduation and at the time of enrollment at the institution, as set forth by Section 59-112-10, and be either a member of a class graduating from a high school located in this State, or a student who has successfully completed at least three of the final four years of high school within this State, or a home school student who has successfully completed a high school home school program in this State in the manner required by law, or a student graduating from a preparatory high school outside this State, while a dependent of a parent or guardian who is a legal resident of this State and has custody of the dependent according to State Statute, Section 59-149-50A or a student whose parent or guardian has served in or has retired from one of the United States Armed Forces within the last four years, paid income taxes in this

State for a majority of the years of service, and is a resident of this State. A student must be a legal permanent resident of the United States before being considered to be a South Carolina resident;

3. Meet two of the following three criteria if a first-time entering freshman at an eligible four-year institution:

(a) Earn a cumulative 3.0 grade point average (GPA) based on the South Carolina Uniform Grading Policy (UGP) upon high school graduation. No other grading policy will be allowed to qualify for the LIFE Scholarship. Final high school GPAs shall be based on the four-year period of high school attendance, with the exception of Carnegie Units earned prior to high school. There may be other exceptions, as deemed necessary by the Commission. Grade point averages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. Institutions shall use the final GPA as reported on the official transcript. The final official high school transcript must be dated in accordance with the Commission established date(s). If a South Carolina resident student is graduating from an out of state high school, it is the responsibility of the out of state student's school counselor to convert the student's final high school GPA and class ranking to an eligible final high school GPA based on the South Carolina Uniform Grading Policy. The converted final high school GPA and class ranking (if applicable) must be provided to the eligible South Carolina Institution before a student can be awarded.

(b) Score at least an 1100 on the Scholastic Assessment Test (SAT) or an equivalent ACT score of 22. Test scores will be accepted through the CHE determined national test administration of the SAT and ACT during the year of high school graduation. The student must use the highest SAT Math score combined with the highest SAT Evidenced-based Reading score. It is permissible to select scores from different test administrations in order to obtain the qualifying composite score. For purposes of meeting the ACT test score requirement, the student can use the highest English, Math, Reading and Science scores. It is permissible to select scores from different test administrations in order to obtain the qualifying composite score.

(c) Rank in the top thirty percent of the graduating class in a high school with an approved, official rank policy, consisting of high school diploma candidates only. The rank must also be based on the UGP only. Students cannot be removed from the class because they did not meet the eligibility criteria, are not residents of the State, do not meet citizenship requirements, plan to attend college out-of-state, etc. The class rank information must include all students who attended your high school that school year. Ranking percentages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who has a class rank of 13 of 43 ($13/43 \times 100 = 30.23\%$) will not rank in the top thirty percent of the class since 30.23% is not within thirty percent. To determine the top thirty percent for graduating classes with three or less students, the student who is ranked number one in the class would be considered in the top thirty percent for LIFE Scholarship eligibility. Only one student may occupy each place in class rank. Institutions shall use the final ranking as reported by the high school on the official transcript, and on a submitted rank report provided by the high school the student graduated from. A ranking report must be attached to the official transcript regardless of the graduating high school. High schools or home school associations that do not rank as a policy; or high schools whose grading policy deviates from the current SC Uniform Grading Policy and that do not convert the graduating class to the current SC UGP to determine class rank, must use the GPA and SAT or ACT criteria when attempting to meet the academic requirements for the LIFE Scholarship. High schools or home school associations shall not use ranking for the sole purpose of obtaining eligibility for the state scholarships. The rank policy and rank policy information must be available to parents, students, colleges, and universities, and the Commission on Higher Education in publication form to include a school's website, student/parent handbook, and/or school profile. This language must include the ranking policy in place at the school/association. The ranking policy should be consistent in all places where the rank policy is published and is the same information disseminated to parents, students, colleges/universities, and the Commission. The SC UGP GPA and class rank (if school/association officially ranks as a policy) must be printed on an official final end of year high school transcript, which must also include a uniform date of calculation as determined by the Commission on

Higher Education. The graduation date must also be printed on the final end of senior year high school transcript, and include no grades earned after the date of the graduating high school class for the graduation year.

(d) For the purposes of meeting the rank criterion, the existing high school rank of a South Carolina resident attending an out-of-state high school may be used provided it is calculated pursuant to a state-approved, standardized grading scale at the respective out-of-state high school. If the eligible South Carolina institution determines that a state-approved standardized grading scale substantially deviates from the South Carolina Uniform Grading Policy (SC UGP), the institution must submit the grading scale to CHE for further review. If CHE confirms the out-of-state grading scale substantially deviates from the SC UGP, the state-approved, standardized grading scale shall not be used to meet the eligibility requirements for the LIFE Scholarship. All members of the student's Senior class at the out of state high school must be ranked in accordance with the South Carolina Uniform Grading Policy in these cases. When converting scores to the SC UGP, weighting must adhere to the SC UGP (i.e. honors no more than .50 and AP/IB no more than 1.0). In addition, scores/grades must correspond to the SC UGP. For example, if a student earned a 90 in an honors class, the conversion of the score/grade must be equivalent to the points assigned according to the current SC UGP. The guidance counselor from the out-of-state preparatory school also has the option of converting the cumulative GPAs of all students in the applicant's class to the SC UGP to determine if the student ranks within the top thirty percent of the class. To be considered equivalent to the SC UGP, the out-of-state school's grading scale must adhere to the following minimum requirements:

(1) Must include all courses carrying Carnegie units, including units earned at the middle school and high school level;

(2) To be equivalent to an "A" letter grade, the numerical average must be ≥ 90 ; to be equivalent to a "B" letter grade the numerical average must be between 80 and 89 ; to be equivalent to a "C" letter grade the numerical average must be between 70 and 79 ; to be equivalent to a "D" letter grade the numerical average must be between 60 and 69 ; and to be equivalent to a "F" letter grade the numerical average must be between 50 and 59 (if a course with a numerical average of < 62 is considered passing by the high school the student earned the grade, then a 73 numerical average should be given);

(3) Cannot add more than one half (.50) additional quality point for honors courses; cannot add more than one additional quality point for dual enrollment (DE) courses, Advanced Placement (AP) courses, and standard level International Baccalaureate (IB) courses; and, cannot add more than two additional quality points for higher level IB courses;

(4) Must classify all other courses as College Preparatory if they are not already classified as honors, DE, AP or IB. For a class to be classified as honors, the course must be in English, mathematics, science or social studies or be the third/fourth level for all other content areas; and,

(5) If no numerical average is available, all letter grades must be converted to the equivalent numerical average based on the following: all "A" letter grades must be converted to a 95 numerical average, all "B" letter grades must be converted to a 85 numerical average, all "C" letter grades must be converted to a 75 numerical average, all "D" letter grades must be converted to a 65 numerical average, and all "F" numerical averages must be converted a 50 numerical average.

4. Earn a cumulative 3.0 grade point average (GPA) on the Uniform Grading Policy upon high school graduation and score at least an 1100 on the Scholastic Assessment Test (SAT I) or an equivalent ACT score of 22 as determined by the Commission if a first-time entering freshman graduates from a non-ranking South Carolina high school, non-ranking South Carolina approved home school association or out-of-state preparatory high school and attends an eligible four-year institution;

5. Earn a cumulative 3.0 grade point average (GPA) upon high school graduation on the Uniform Grading Policy if a first-time entering freshman at an eligible two-year or technical institution. No other grading policy will be allowed to qualify for the LIFE Scholarship. Grade point ratios must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. Institutions shall use the final GPA as reported by the high school on the official transcript;

6. Be admitted, enrolled full-time, and classified as a degree-seeking student at a public or independent institution in South Carolina;

7. Certify that he/she has never been adjudicated delinquent, convicted, or pled guilty or *nolo contendere* to any felonies or any second or subsequent alcohol/drug related offenses under the laws of this or any other state or under the laws of the United States in order to be eligible for a LIFE Scholarship, except that a high school or college student otherwise qualified who has been adjudicated delinquent or has been convicted or pled guilty or *nolo contendere* to a second or subsequent alcohol or drug-related misdemeanor offense nevertheless shall be eligible or continue to be eligible for such scholarships after the expiration of one academic year from the date of the adjudication, conviction, or plea by submitting an affidavit each academic year to the institution. However, a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or *nolo contendere* to a second alcohol/drug related misdemeanor offense is ineligible for the next academic year of enrollment at an eligible institution after the date of the adjudication, conviction or plea. If the adjudication, conviction, or plea occurs during the academic year after the student has already submitted a signed affidavit to the institution, the student will be eligible to receive the Scholarship the remainder of the academic year. However, the student will be ineligible for the Scholarship the following entire academic year of enrollment. If a student completes a pretrial intervention program and has his/her record expunged the conviction will not affect Scholarship eligibility; and

8. Certify that he/she has not defaulted and does not owe a refund or repayment on any federal or state financial aid. If a student has an Institutional Student Information Record (ISIR) or its equivalent on file, the ISIR information will be used to verify default status or refund/repayment owed on any Federal or State financial aid. Students who have not completed a Free Application for Federal Student Aid (FAFSA) must have an affidavit on file to verify that he/she is not in default and does not owe a refund or repayment on any Federal or State financial aid including, state grants/scholarships, Federal Pell Grant, Supplemental Educational Opportunity Grant, Perkins Loan and Federal Stafford Loan.

B. Any credit hours attempted or earned before high school graduation, hours exempted by examination, International Baccalaureate (IB) or Advanced Placement (AP) credit hours do not count against the terms of eligibility as provided in State Statute, Section 59-149-60. The credit hours earned before high school graduation can be used toward the credit hour requirement. Credit hours earned through CLEP, IB or AP will be used toward the credit hour requirement.

C. Service members of the United States Armed Forces will not be penalized for any credit hours earned while on active duty. The credit hours earned on active duty will not count against the terms of eligibility, but will be used towards the annual credit hour requirement.

D. First-time entering freshmen will not be penalized for any credit hours earned during the summer session immediately prior to the student's initial college enrollment. The credit hours earned will not count against the terms of eligibility. The credit hours may be used toward the annual credit hour requirement.

E. Students who complete their high school graduation requirements prior to the official graduation date reported on the final high school transcript may be eligible to receive the LIFE Scholarship dependent on the approval of the eligible institution. The student must complete and submit an Early Graduation Application, an official high school transcript, an official letter from the high school principal verifying that he/she has met all graduation requirements, and SAT/ACT scores (if attending a four-year institution) by

the established deadline. Early graduates cannot use class rank in order to qualify for the LIFE Scholarship at four-year institutions. Early graduates who enroll mid-year (spring term) and are awarded the LIFE Scholarship through the Early Graduation process will officially begin their initial college enrollment. In order to receive the LIFE Scholarship the next academic year, the student must earn a minimum of fifteen credit hours and a 3.0 “LIFE GPA” at the end of the academic year. The student will be eligible to receive the maximum number of terms of eligibility based on initial college enrollment. If a student does not submit an early graduation application for the spring term and has not officially graduated, the student should not have received the LIFE Scholarship and that term will not count against his/her terms of Scholarship eligibility.

F. First-time entering freshmen who enroll mid-year (spring semester) are eligible for the LIFE Scholarship if they qualified upon high school graduation.

G. LIFE Scholarship funds may not be applied to the cost of continuing education, remedial/developmental or non-degree credit courses for an associate’s degree or higher. Twelve credit hours of the courseload must be non-remedial/developmental, non-continuing education or degree-credit courses for an associate’s degree or higher in order to receive LIFE Scholarship funds. Continuing education, non-degree credit for an associate’s degree or higher and remedial/developmental courses will not be included in the “LIFE GPA” or credit hour calculations.

H. Non-degree credit hours shall be used to meet the full-time eligibility criteria for a diploma or certificate program only. Students must sign an affidavit certifying that they understand that non-degree credit hours will not be used in calculating the “LIFE GPA” or credit hour requirements if they are enrolled in an Associate’s degree or higher.

I. Credit hours earned during the student’s first two term(s) of remedial/developmental enrollment will not be used to determine remaining Scholarship eligibility at the completion of remediation unless the student has completed at least twelve credit hours of non-remedial/developmental coursework each term of enrollment. First-time entering freshmen attending an eligible two-year institution or technical college who enroll in fewer than twelve credit hours of non- remedial/developmental, including at least three hours of remedial/developmental courses during the first term(s) will not be eligible for Scholarship funds during this period. The student’s initial college enrollment will begin after a maximum of two terms of remediation at an eligible two-year or technical college only. The student will be eligible for the Scholarship for the term following Spring or Fall term immediately after the completion of remediation if the student was eligible to receive the LIFE Scholarship upon high school graduation. A student is allowed a maximum of two terms of remediation, which must be within the first two terms of attendance at an eligible institution, before his/her terms of eligibility start. If the student requires more than one academic year of remedial/developmental coursework, then he/she will not be eligible for the LIFE Scholarship the term after completion of remediation. If the student was not eligible for the Scholarship upon high school graduation, the student must meet the conditions set forth in Section J below in order to gain the LIFE Scholarship.

J. Students who do not meet the scholarship eligibility requirements upon high school graduation and enroll in remedial/developmental courses during a maximum of two terms at an eligible two-year institution or technical college, and who enroll in fewer than twelve credit hours of non-remedial/developmental courses, must meet the scholarship eligibility requirements (earn a 3.0 “LIFE GPA” and earn an average of thirty credit hours for the academic year) at the end of the first year of enrollment in non-remedial/developmental courses to be eligible to receive the scholarship for the second year of enrollment in non-remedial/developmental courses. Credit hours earned during the student’s first two term(s) of remedial/developmental enrollment will not be used to determine remaining Scholarship eligibility at the completion of remediation unless the student has completed at least twelve credit hours of non-remedial/developmental coursework each term of enrollment.

K. Students receiving a LIFE Scholarship are not eligible to receive a Palmetto Fellows Scholarship, SC HOPE Scholarship or Lottery Tuition Assistance in the same academic year.

L. Students who have already been awarded their first bachelor's degree or graduate degree are not eligible to receive the LIFE Scholarship. In cases where students are enrolled in a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, which will be the students' first academic degree awarded, the students must maintain their undergraduate status in order to receive a LIFE Scholarship and a LIFE Scholarship Enhancement each academic term, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Doctor of Pharmacy Program at the Medical University of South Carolina.

M. All documents required for determining LIFE Scholarship eligibility must be submitted to the institution by their established deadline(s). Students must submit official transcripts from all previous and current institutions, which provide evidence to calculate the "LIFE GPA," determine initial college enrollment and earned annual credit hour requirement. Students that complete coursework at another institution at any time during the academic year (fall, spring, summer) must submit an official transcript to the home institution at the end of the academic year to determine eligibility for the LIFE Scholarship.

N. First-time entering freshmen who attended out-of-state preparatory high schools or graduated from a South Carolina high school prior to the full implementation of the South Carolina Uniform Grading Policy must have their high school transcript converted to the UGP in order to qualify for the LIFE Scholarship. It is the responsibility of the out-of-state preparatory high school or South Carolina high school to convert the student's GPA to the Uniform Grading Policy.

O. To be eligible for a LIFE Scholarship Enhancement each academic year, the student must:

1. Meet all of the eligibility requirements at the end of each academic year to receive a LIFE Scholarship as stipulated by state law and regulation and be a recipient of LIFE Scholarship funds at the time of LIFE Scholarship Enhancement disbursement. The student must receive the underlying LIFE Scholarship;

2. Be enrolled as a full-time, degree-seeking student in a declared major of science or mathematics in an eligible program that is approved and assigned a CIP code by the Commission on Higher Education at the time of disbursement of LIFE Scholarship Enhancement funds. Eligible programs include degrees awarded in math and science fields, computer science or informational technology, engineering, science education, math education and healthcare and related disciplines including medicine and dentistry. The student must meet all requirements for satisfactory academic progress towards completion of the declared major as established by the policies of both the institution and the academic department in which the student is enrolled;

3. Be enrolled at an eligible four-year public or independent institution located in South Carolina;

4. Beginning with the Fall 2007 freshman class and thereafter, all students must have successfully completed a total of at least fourteen credit hours of instruction in mathematics and life and physical science courses, in any combination, by the end of the student's first year of enrollment in college (based on initial date of college enrollment). For purposes of meeting the required minimum level of instruction in mathematics and life and physical science courses during a student's first year, Exempted Credit Hours placed on the student's official college transcript by the institution at which they were earned, College Level Examination Program (CLEP), Dual Enrollment, Pass/Fail courses with a grade of "Pass" (only), Satisfactory/Unsatisfactory courses with a grade of "Satisfactory" (only), International Baccalaureate (IB)

courses and Advanced Placement (AP) courses in mathematics and life and physical sciences taken in high school in which the student scored a three or more on the advanced placement test and received college credit may count toward the fulfillment of this minimum requirement. The Commission will issue a list of eligible courses by CIP code for determining eligible coursework to meet the fourteen credit hour requirement. Remedial/developmental, continuing education, non-degree credit coursework and credit hours earned for courses taken after the end of the student's first year of college enrollment cannot be used to meet the specified minimum fourteen credit hour course level requirement to gain eligibility to receive the LIFE Scholarship Enhancement;

5. Meet the continued eligibility requirements for the LIFE Scholarship of a minimum 3.0 LIFE GPA and a minimum average of 30 credit hours by the end of each academic year;

6. Be in the second, third or fourth year of full-time enrollment (based on initial date of college enrollment after high school graduation) at an eligible four-year public or independent institution in South Carolina. Students enrolled full-time in an eligible, approved five-year degree program may also be eligible to receive a LIFE Scholarship Enhancement in their fifth year of college enrollment (based on initial date of college enrollment); and

7. Students who initially enroll in college mid-year (i.e., spring term) as a freshman and meet the requirements under Section 62-1200.10 may be eligible to receive a LIFE Scholarship Enhancement at the beginning of the spring term of the next academic year (i.e., beginning with the third consecutive term of full-time enrollment based on initial date of college enrollment). The student must earn a minimum average of 15 credit hours and a 3.0 LIFE GPA to be awarded a LIFE Scholarship the following academic year and a minimum average of 30 credit hours by the end of the first academic year (i.e., by the end of the fall term or second consecutive term of full-time enrollment based on initial date of college enrollment) of enrollment to receive a LIFE Scholarship Enhancement beginning the spring term of the second, third and/or fourth year of college enrollment.

P. The LIFE Scholarship and LIFE Scholarship Enhancement are to be annual awards. Half of the Scholarship and Enhancement funds are to be disbursed in the fall and half are to be disbursed in the spring. In the cases where students who initially enroll in college mid-year (i.e., spring term) as a freshman and meet the requirements under Sections 62-1200.10 (O) and 62-1200.15 (C), such student shall be awarded the LIFE Scholarship Enhancement one year after initial college enrollment (i.e., spring term). Students who change their major from an ineligible degree program to an eligible degree program during the same academic year shall not receive the LIFE Scholarship Enhancement until the beginning of the next academic year (i.e., fall term). Students who change their major from an eligible degree program to an ineligible degree program during the same academic year may continue to receive the LIFE Scholarship Enhancement during the current academic year; however, the student cannot be awarded the LIFE Scholarship Enhancement the next academic year of enrollment in an ineligible degree program. During the student's final term of attendance, not to exceed the eighth term of enrollment based on initial college enrollment, the institution may prorate the LIFE Scholarship and the LIFE Scholarship Enhancement award amount, for the number of credit hours attempted for the current term of attendance, which must be the term of graduation for the student. Proration will be based on 12 credit hours.

62-1200.15. Continued Eligibility: LIFE Scholarship and LIFE Scholarship Enhancement.

A. Students must meet the following criteria to renew eligibility for the LIFE Scholarship:

1. Continue to meet all eligibility requirements as stated in the "Student Eligibility" Section;
2. Earn at least a 3.0 "LIFE GPA" by the end of the academic year; and

3. Meet the annual credit hour requirement (or its equivalent) by the end of the academic year based on initial college enrollment:

(a) earn a minimum of 30 (or the equivalent) credit hours if entering the second year; or

(b) earn a minimum of 60 (or the equivalent) credit hours if entering the third year; or

(c) earn a minimum of 90 (or the equivalent) credit hours if entering the fourth year; or

(d) earn a minimum of 120 (or its equivalent) credit hours if entering the fifth year of an approved five-year bachelor's degree program.

B. Students who meet the continued eligibility requirements by the end of the spring term and who enroll in Maymester or summer term will not be eligible to receive the LIFE Scholarship if their cumulative grade point average falls below the minimum 3.0 "LIFE GPA" requirement by the end of the summer term.

C. Students who are LIFE eligible upon high school graduation and initially enroll in college mid-year (spring term) may be eligible to receive the LIFE Scholarship the next academic year, if the student earns a minimum of fifteen (15) credit hours and a 3.0 "LIFE GPA" at the end of the academic year. For subsequent years, the student must meet the annual credit hour requirement and 3.0 LIFE GPA for renewal:

(a) earn a minimum of 45 (or the equivalent) credit hours if entering the fourth semester based on initial college enrollment; or

(b) earn a minimum of 75 (or the equivalent) credit hours if entering the sixth semester based on initial college enrollment; or

(c) earn a minimum of 105 (or the equivalent) credit hours if entering the eighth semester based on initial college enrollment; or

(d) earn a minimum of 135 (or its equivalent) credit hours if entering the tenth semester of an approved five-year bachelor's degree program based on initial college enrollment.

Students who fail to meet the initial academic eligibility criteria to receive the LIFE Scholarship upon high school graduation, and who initially enroll in college mid-year (spring term) may be eligible to receive the LIFE Scholarship beginning in their second Fall term of college attendance at an eligible institution, if the student earns a minimum of forty-five (45) credit hours and a 3.0 "LIFE GPA" by the end of the prior academic year. The student may be eligible to receive the maximum number of terms of eligibility based on initial college enrollment.

D. Students must meet the following criteria to renew eligibility for the LIFE Scholarship Enhancement:

1. Continue to meet all eligibility requirements as stated in the "Student Eligibility: LIFE Scholarship and the LIFE Scholarship Enhancement" Section;

2. Be a recipient of LIFE Scholarship funds at the time of LIFE Scholarship Enhancement disbursement; and

3. Be enrolled full-time at an eligible four-year public or independent institution as a declared major in an eligible science or mathematics program as stipulated under Section 62-1200.10.

E. Students who meet the continued eligibility requirements by the end of the spring term and who enroll in Maymester or summer term will not be eligible to receive the LIFE Scholarship Enhancement if their

cumulative grade point average falls below the minimum 3.0 “LIFE GPA” requirement by the end of the summer term resulting in ineligibility for a LIFE Scholarship. Students who do not meet the continued eligibility requirements to receive the LIFE Scholarship cannot receive a Scholarship or LIFE Scholarship Enhancement for the following academic year.

F. The student may be eligible to receive the maximum number of terms of eligibility (i.e., six consecutive terms) for a LIFE Scholarship Enhancement starting the second year of college enrollment (based on initial date of college enrollment after high school graduation).

G. At the end of the spring term each academic year, the institution must notify all LIFE Scholarship recipients who have not met continued eligibility requirements for the next academic year. The notification should include information regarding the student’s ability to attend summer school in order to meet the continued eligibility requirements.

62-1200.20. Terms of Eligibility: LIFE Scholarship and LIFE Scholarship Enhancement.

A. The maximum number of terms of eligibility is based on the student’s initial college enrollment with the exception of the summer term immediately prior to the student’s initial college enrollment and up to one academic year of full-time enrollment in remedial/developmental coursework.

B. Students may receive a LIFE Scholarship for a maximum of two terms for a one-year educational program, four terms for an associate’s degree program or at least a two-year program that is acceptable for full credit towards a bachelor’s degree, six terms towards an approved associate’s degree program that requires a minimum of 68 credit hours, eight terms (or its equivalent) towards the first bachelor’s degree or program of study that is structured so as not to require a bachelor’s degree for acceptance into the program and leads to a graduate degree program or ten consecutive terms towards an approved five-year bachelor’s degree program. (See chart in “C” below.) In cases where students are enrolled in a program of study that is structured so as not to require a bachelor’s degree for acceptance into the program and leads to a graduate degree, which will be the students’ first academic degree awarded, such students must maintain their undergraduate status to be awarded the LIFE Scholarship and the LIFE Scholarship Enhancement each academic term, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master’s of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Doctor of Pharmacy Program at the Medical University of South Carolina. Students who have already been awarded their first bachelor’s degree or graduate degree are not eligible to be awarded a LIFE Scholarship or a LIFE Scholarship Enhancement. Students are eligible to receive the LIFE Scholarship for a maximum of eight consecutive terms (or its equivalent) and a LIFE Scholarship Enhancement for a maximum of six consecutive terms (or its equivalent), as long as all other eligibility requirements are met and the program is approved by the Commission on Higher Education.

C. If a student pursues the following program, the terms of eligibility for the LIFE Scholarship will be based upon the student’s initial college enrollment:

	Average Credit Hours Earned at the End of Each Academic Year					
Degree/Program	Maximum Terms of Eligibility	1st Year = 30 credit hours	2nd Year = 60 credit hours	3rd Year = 90 credit hours	4th Year = 120 credit hours	Fifth Year = 150 credit hours
	Terms of Remaining Eligibility at the End of Each Academic Year					

One-year Certificate/Diploma	2	0	0	0	0	0
Associate/Two-year Program	4	2	0	0	0	0
Approved Associate's Degree Program that requires a minimum of 68 credit hours	6	4	2	0	0	0
Bachelor/First Professional	8	6	4	2	0	0
Approved Five-year Bachelor	10	8	6	4	2	0

D. The maximum number of terms of eligibility for a LIFE Scholarship Enhancement is based on the student's continued eligibility for a LIFE Scholarship and beginning with the student's second year of college enrollment (based on initial date of college enrollment), with the exception of the summer term immediately prior to the student's initial college enrollment and up to one academic year of full-time enrollment in remedial/developmental coursework. A student may receive a LIFE Scholarship for a maximum of two terms towards a one-year certificate/diploma, four terms for a two-year associate's degree at an eligible two year institution, six terms towards an approved associate's degree program that requires a minimum of 68 credit hours, and eight terms towards a bachelor's degree at an eligible institution. The terms of eligibility that may be used towards a certificate, diploma or associate's degree at a two-year institution must be taken within the first two years of college, based on initial college enrollment. The terms of eligibility that may be used towards an approved associate's degree program that requires a minimum of 68 credit hours at a two year institution must be taken within the first three years of college, based on initial college enrollment.

E. Students may receive a LIFE Scholarship Enhancement for a maximum of six consecutive terms (i.e., three academic years) for a first bachelor's degree in an eligible program or an eligible program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree program, and eight consecutive terms (i.e., four academic years) towards an approved five-year bachelor's degree program and six consecutive terms towards a 3 plus 2 program. Students must be enrolled in an eligible four-year public or independent institution in South Carolina as a declared major in an eligible science or mathematics major or an eligible program that is approved and assigned a CIP code by the Commission on Higher Education. In cases where students are enrolled in a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, which will be the students' first academic degree awarded, students must maintain their undergraduate status to be awarded the LIFE Scholarship and the LIFE Scholarship Enhancement, with the exception of students declaring a major in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Doctor of Pharmacy Program at the Medical University of South Carolina.. Students who have already been awarded their first bachelor's degree or graduate degree are not eligible to be awarded a LIFE Scholarship or a LIFE Scholarship Enhancement. Students are eligible to receive a LIFE Scholarship for a maximum of eight consecutive terms (or its equivalent) and a LIFE Scholarship Enhancement for a maximum of six consecutive terms (or its equivalent) towards an undergraduate degree, as long as all other eligibility requirements are met and the program is approved by the Commission on Higher Education. Students enrolled in an approved five-year degree program may be eligible to receive a LIFE Scholarship for a fifth year of full-time, undergraduate work and a LIFE Scholarship Enhancement for a fourth year of full-time undergraduate coursework.

62-1200.25. Regaining or Earning Eligibility: LIFE Scholarship and LIFE Scholarship Enhancement.

A. Students who were U.S. Citizens or legal permanent residents, and South Carolina residents at the time of high school graduation and college enrollment, but were not initially eligible upon high school

62-1200.30. Transfer Students: LIFE Scholarship and LIFE Scholarship Enhancement.

A. Students must meet all eligibility requirements for a LIFE Scholarship and for a LIFE Scholarship Enhancement as stipulated in Section 62-1200.10.

B. Transfer students who receive the LIFE Scholarship and transfer mid-year to another institution may be eligible to receive the Scholarship for the spring term if they met the eligibility requirements at the end of the previous academic year (See “Transfer Student” Section B for eligibility requirements):

1. Freshmen who transfer mid-year to the same type of institution (two-year to two-year or four year to four-year) must have met the Scholarship requirements of the respective institution at the time of initial college enrollment; or

2. Freshmen who transfer mid-year from a two-year to a four-year institution must meet the eligibility requirements of a first-time entering freshmen enrolling at a four-year institution; or

A. Students enrolled in internships, cooperative work programs, travel study programs, or National or International Student Exchange Programs that are approved by the home institution and that the home institution accepts as full-time transfer credit are eligible to receive LIFE Scholarship and LIFE Scholarship Enhancement funds during the period in which the student is enrolled in such programs. Students will be required to meet the continued eligibility requirements.

B. Eligible students may use the appropriated portion of LIFE Scholarship and LIFE Scholarship Enhancement funds for internships, cooperative work programs, travel study programs or National or International Student Exchange Programs that are approved by the home institution and that the home institution accepts as full-time transfer credit. LIFE Scholarship and LIFE Scholarship Enhancement funds must be paid directly to the student’s account at the home institution and cannot exceed the cost-of-attendance at the home institution or the cost-of-attendance at the host institution, whichever is less. The Commission on Higher Education will not transfer LIFE Scholarship or LIFE Scholarship Enhancement funds directly to the institution where the student will participate in internships, cooperative work programs, travel study programs or National or International Student Exchange Programs. The institution is responsible for LIFE Scholarship and LIFE Scholarship Enhancement funds according to the “Policies and Procedures for Awarding” Section.

C. Students who enroll in one academic term at the home institution and also enroll in an internship, cooperative work program, travel study program or National or International Student Exchange Program that are approved by the home institution and that do not award full-time transfer credit during the same academic year, must complete an average of thirty credit hours and earn a 3.0 “LIFE GPA” by the end of the academic year to be eligible for LIFE Scholarship and LIFE Scholarship Enhancement renewal for the next academic year (see Section 62-1200.15 (3)(a-d) for example). A. Service members who are enrolled in college and are affected by military mobilizations will not be penalized for the term they are required to withdraw after the full refund period based on the institutional policies and procedures. Institutions are strongly encouraged to provide a full refund of required tuition, fees and other institutional charges or to provide a credit in a comparable amount against future charges for students who are forced to withdraw as a result of military mobilization. Additionally, the term(s) that the service member is mobilized will not count against the maximum terms of eligibility. The service member shall be allowed to receive the unused terms for the LIFE Scholarship and LIFE Scholarship Enhancement while mobilized during the succeeding summer or at the end of the maximum terms of eligibility based on initial college enrollment (provided the service member meets continued eligibility requirements). The service member must re-enroll in an eligible institution within twelve months upon their demobilization and provide official documentation to verify military deployment to the institutional Financial Aid Office upon re-enrollment to receive LIFE Scholarship and LIFE Scholarship Enhancement. Reinstatement of the LIFE Scholarship and the LIFE Scholarship Enhancement will be based upon the service member's eligibility at the time he/she was mobilized. If the student re-enrolls after the twelve month period, the service member must submit an Appeal Application to the Commission on Higher Education by the established deadline in order to be considered for reinstatement.

B. Service members who are enrolled in college and are mobilized for an entire academic year may renew the LIFE Scholarship and the LIFE Scholarship Enhancement for the next academic year, if they met the eligibility requirements at the end of the prior academic year. For service members who enroll in summer school and one other term of the academic year, the service member must earn a total of twenty-seven credit hours (or its equivalent) for the academic year. In order to maintain eligibility for the next academic year for service members who only attend summer school, the member must earn twelve credit hours during the academic year. The service member must meet all eligibility requirements as specified in the “Student Eligibility” and “Continued Eligibility” Sections for the LIFE Scholarship and LIFE Scholarship Enhancement, except for the completion of the thirty credit hour requirement for the academic year.

E. The home institution will be responsible for receiving verification of military mobilization status, “LIFE GPA,” credit hours earned and terms of eligibility based on the service member’s initial college enrollment and eligibility for LIFE Scholarship and LIFE Scholarship Enhancement renewal for the next academic year.

F. Service members of the United States Armed Forces will not be penalized for any credit hours earned while on military mobilization. A. In the event a student who has been awarded a LIFE Scholarship and LIFE Scholarship Enhancement withdraws, is suspended from the institution, or drops below full-time enrollment status during any term of the academic year, institutions must reimburse the LIFE Scholarship Program for the amount of the LIFE Scholarship and LIFE Scholarship Enhancement for the term in question pursuant to the refund policies of the institution. Collection is the responsibility of the institution.

A. The Commission on Higher Education shall define the appeals procedures.

B. Students who did not meet the continued eligibility requirements for the LIFE Scholarship at the end of the academic year due to an extenuating circumstance may request an appeal with the Commission on Higher Education.

C. The Commission on Higher Education will allow a student to submit only one appeal each academic year based on an extenuating circumstance.

D. A completed appeal's application must be filed with the Commission on Higher Education by the established deadline of the academic year the scholarship is requested. The student must provide a completed application for appeal, a letter requesting an appeal describing the extenuating circumstance, official transcripts from all prior institutions, and any other supporting documentation to substantiate the basis for the appeal. It is the responsibility of the student to ensure that all documents necessary to file an appeal are received at the Commission by the established deadline. Commission staff will not contact the student regarding missing or incomplete appeals documentation. Failure to submit a completed appeal's application by the required deadline(s) will result in forfeiture of the scholarship.

E. The LIFE Scholarship shall be suspended during the appeal period, but will be awarded retroactively if the appeal is granted.

F. Appeal Guidelines apply only to the LIFE Scholarship, not the LIFE Scholarship Enhancement. Students cannot appeal solely on the basis of a loss of a LIFE Scholarship Enhancement. However, students who appeal and are awarded the LIFE Scholarship under this section may be eligible to receive the LIFE Scholarship Enhancement.

G. The Appeals Committee's decision is final.

62-1200.60. Institutional Policies and Procedures for Awarding: LIFE Scholarship and LIFE Scholarship Enhancement.

A. All eligible institutions are responsible for ensuring that each student has met the criteria based on state law and regulation to determine eligibility for the LIFE Scholarship and the LIFE Scholarship Enhancement as stipulated in Section 62-1200.10 and Section 62-1200.15.

B. Each institution is responsible for reviewing all students based on the "LIFE GPA" calculation below to determine eligibility for the LIFE Scholarship. Institutions must use official transcripts from all eligible institutions for each student and the steps in Section E below.

C. The institution must use grades earned at all eligible institutions during any term (fall, spring, and/or summer) for calculating a "LIFE GPA" at the end of the academic year.

D. The student must certify by submitting a signed affidavit that he/she is responsible for submitting transcripts from all previous and current eligible institutions. Students who complete coursework at another institution at anytime during the academic year (fall, spring, summer) must submit an official transcript to the home institution at the end of the academic year to determine eligibility for the LIFE Scholarship.

E. Steps for calculating a "LIFE GPA:"

1. Convert all grades earned at an eligible institution to a 4.0 scale based on each institution's grading policy where the grades were earned = Grade Points

2. Multiply the grade points by attempted credit hours = Quality Points (QP)

3. Divide the total quality points by the total number of attempted credit hours = LIFE GPA

4. "LIFE GPA" Formula:
$$\frac{\text{Grade Points} \times \text{Attempted Credited Hours} = \text{QP}}{\text{Total Attempted Credit Hours}} = \text{LIFE GPA}$$

F. The "LIFE GPA" must include all grades earned at eligible institutions, including courses that do not transfer based on the institution's policy and college courses taken while in high school.

G. The “LIFE GPA” must not include attempted credit hours earned for continuing education courses, non-degree credit courses for an associate’s degree or higher and remedial/developmental courses.

H. The student must meet the annual credit hour requirement at the end of the academic year based on initial college enrollment as defined in the “Continued Eligibility,” “Regaining or Earning Eligibility” or “Transfer Students” Sections.

I. LIFE Scholarship awards are to be used only for payment toward the cost-of-attendance as established by Title IV Regulations. Eligible four-year public and independent institutions shall identify award amounts up to the cost-of-tuition for thirty credit hours, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (maximum \$5,000 including cost-of-tuition plus book allowance) per academic year. Eligible two-year public or technical institutions shall identify award amounts, which cannot exceed the cost-of-tuition for thirty credit hours plus a three hundred dollar book allowance (maximum \$5,000 including cost-of-tuition plus book allowance) per academic year. For students enrolled at eligible two-year independent institutions, the award amount shall not exceed the maximum cost-of-tuition at the two-year USC regional institutions plus a three hundred dollar book allowance (not to exceed a maximum award amount of \$5,000 including cost-of-tuition plus book allowance) per academic year. Half shall be awarded during the fall term and half during the spring term (or its equivalent), assuming continued eligibility. The LIFE Scholarship in combination with all other gift aid, including Federal, State, private and institutional funds, shall not exceed the cost-of-attendance as defined in Title IV regulations for any academic year.

J. The LIFE Scholarship Enhancement is an annual award. Half of the funds are to be disbursed in the fall term and half to be disbursed in the spring term. Students who change their major from an ineligible degree program to an eligible degree program during the same academic year shall not receive the LIFE Scholarship Enhancement until the beginning of the next academic year (i.e., fall term). Students who change their major from an eligible degree program to an ineligible degree program during the same academic year may continue to receive the LIFE Scholarship Enhancement during the current academic year; however, the student cannot be awarded the LIFE Scholarship Enhancement the next academic year of enrollment in an ineligible degree program.

Half of the LIFE Scholarship Enhancement funds shall be awarded in the fall term and half during the spring term (or its equivalent), assuming continued eligibility. The LIFE Scholarship Enhancement in combination with all other gift aid, including Federal, State, private and institutional funds, shall not exceed the cost-of-attendance as defined in Title IV Regulations for any academic year.

L. In determining the amount awarded for the LIFE Scholarship Enhancement, all other sources of gift aid, including federal, State, private and institutional funds and the base LIFE Scholarship must be applied to the unmet total cost of attendance in accord with Title IV Regulations before calculating the LIFE Scholarship Enhancement amount and receiving the funds. Adjustments to the financial aid package will be made to the LIFE Scholarship Enhancement in accordance with prescribed Title IV Regulations in order to prevent an over award.

M. Students who have already been awarded a first bachelor’s degree or graduate degree are not eligible to receive a LIFE Scholarship or a LIFE Scholarship Enhancement. Students enrolled in a program of study

that is structured so as not to require a bachelor's degree and leads to a graduate degree as defined in the "Program Definitions" Section must maintain their undergraduate status in order to receive a LIFE Scholarship and a LIFE Scholarship Enhancement each academic term, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Doctor of Pharmacy Program at the Medical University of South Carolina.

8. Institutional Student Information Record (ISIR) or affidavit documenting that the student is not in default or does not owe a refund or repayment on any state or federal financial aid;

10. SAT or ACT scores (first-time entering freshmen);
11. Verification of student's disability from Institutional Disability Service Provider and verification of reduced course-load requirement (if appropriate);

The notification should include information regarding the student's ability to attend summer school in order to meet the continued eligibility requirements.

A. Eligible four-year public and independent institutions shall award LIFE Scholarship amounts, which cannot exceed the cost-of-tuition for thirty credit hours a year, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (maximum \$5,000 including cost-of-tuition plus book allowance) per academic year. C. The LIFE Scholarship and the LIFE Scholarship Enhancement may not be applied to a second bachelor's degree or a graduate degree program as defined in the "Program Definitions" Section. In the event of early graduation, the LIFE Scholarship and LIFE Scholarship Enhancement awards are discontinued. Students are eligible to receive the LIFE Scholarship for a maximum of eight consecutive terms (or its equivalent) and a LIFE Scholarship Enhancement for a maximum of six consecutive terms (or its equivalent) towards an undergraduate degree, as long as all other eligibility requirements are met and the program is approved by the Commission on Higher Education. In such cases where students are enrolled in a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, which will be the students' first academic degree awarded, such students must maintain their undergraduate status to be awarded the LIFE Scholarship and the LIFE Scholarship Enhancement, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program at the Medical University of South Carolina, the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Doctor of Pharmacy Program at the Medical University of South Carolina. Adjustments to the financial aid package will be made to the base LIFE Scholarship and LIFE Scholarship Enhancement in accordance with prescribed Title IV Regulations in order to prevent an over award.

E. After the last day to register for each term of the academic year, the institution will verify enrollment of each recipient as a South Carolina resident who is a full-time, degree-seeking student. The institution must submit a request for LIFE Scholarship and LIFE Scholarship Enhancement funds and/or return of funds by the established deadline each term. In addition, a listing of all eligible recipients by identification numbers with award amounts for the term must be sent to the Commission on Higher Education. At this time any unused funds must be returned to the Commission on Higher Education immediately.

F. The Commission will disburse LIFE Scholarship and LIFE Scholarship Enhancement awards to the eligible institutions to be placed in each eligible student's account.
